Bullying has been around for ages, but the world in which we live has changed. With the advent of technology, bullying can potentially haunt our children non-stop. **Northland Lutheran is taking a proactive step on this prevalent issue.** We have invited Sarah Reik, a professional counselor from WLCFS-Christian Family Solutions, to talk with our community about bullying.

This presentation examines the problem of bullying by considering the definition and prevalence of bullying, and by profiling both the bully and the victim. We will discuss what parents, children, and schools can do to confront the problem of bullying and help the victims, as well as what can be done if you are the parent of a bully. Please join us for this opportunity.

**Childcare will be provided.**
