

## A Note From The Pastor

Two of the three HVAC units which service our sanctuary “died” this past week. These units are far past warranty dates (12 and 17 years old); and the inside corresponding air handlers must be replaced as well. The cost to replace these units as well as replace the relay on the third unit which services the sanctuary is \$14,113.00. Since two of these units are connected, we cannot repair one at a time.

With summer just around the corner, and given the fact we lease our space to another faith community and have two support groups who meet here on a monthly basis, the board voted unanimously to approve this expenditure.

The blessing is we have just enough funding to cover the cost of these repairs. Also please note I said “*just enough*.” What that means is our reserves to cover months of decreased cash flow will be depleted with this expenditure.

With this reality in mind, I am asking you to consider taking action in at least one of the following ways to help us offset this large expenditure:

1. If you are a pledger and are behind in honoring your pledge, please consider bringing that pledge to current status. If you are unsure of your pledge balance, or cannot honor your pledge at this time, please contact our Treasurer Mark Fox at [mccnova.treasurer@gmail.com](mailto:mccnova.treasurer@gmail.com) or Assistant Treasurer Ginny Miles at [mccnova.assttreasurer@gmail.com](mailto:mccnova.assttreasurer@gmail.com).
2. Consider increasing your regular giving, or, if you are not a financial supporter of MCC NoVA at this time, consider making a one-time donation designated for the HVAC repair.

Thank you for your past, present and future support of MCC NoVA’s progressive spiritual witness in Northern Virginia. If you have any questions regarding this request, feel free to contact me at the church office at 703-691-0930, or at [mccnova.pastor@gmail.com](mailto:mccnova.pastor@gmail.com).

Peace,

Pastor Danny
