### SpaceShip SUUFU— A Renewed Sense of Self and Your Potential

*SpaceShip SUUFU* is embarking on a voyage, and you are invited. The destination is ***A Renewed Sense of Self and Your Potential***. Come enjoy inspired thinking, new ideas, new understandings, and a personal sense of purpose and destiny.

Storyteller **David Novak\*** and **Reverend Roy Reynolds\*\***, our keynote presenters, will take us to the worlds of visionary architect R. Buckminster Fuller, and British naturalists Alan Rayner and Giles Hutchins. Our voyage will dive into the ***Deep Within*** and venture to the ***Deep Without***, all from the overlook of **The Mountain**, in Highlands, NC.

Our itinerary offers abundant elements for the journey: Outstanding Food, Compelling Activities (hiking, social hours, dancing, star gazing), Entertainment, Workshops (exercise/movement, modeling geometry, wine tasting, drumming, companioning circles, etc.), Shared Community with Shipmates, and Exceptional Crew, and that Alluring Destination.

Our keynoters will balance the cerebral with the sensual, the soulful with the inspirational. A Credo workshop to grow our skills leading spiritual journeys and, as always, there is an array of free-time options from which to choose.

Enroll by June 30, 2015, at [www.Mountaincenters.org](http://www.Mountaincenters.org), to save \$25. ***Be a Renewed Self.***
