The 22nd Annual Meeting
of the Ohio Chapter of the
American College of Cardiology

Inaugural Richard P. Lewis Memorial Lecture

The Conference Center at NorthPointe
Lewis Center, Ohio
Saturday, October 13, 2012

Special Session for Fellows-in-Training and
Special Networking Luncheon for Women in Cardiology

Program Co-Directors
Laxmi S. Mehta, MD, FACC
Joseph F. Pietrolungo, DO, FSVM, FACC

Jointly Sponsored/Co-Provided by
The American College of Cardiology Foundation
and the Ohio Chapter of the American College of Cardiology
7:00-7:55 a.m. Registration, Exhibits, Posters, and Continental Breakfast
7:55-8:00 a.m. Welcoming Remarks
Christopher J. Cooper, MD, FACC
8:00-8:45 a.m. The Adult Congenital Heart Patient: The “How’s” and “When’s” of Transfer of Care
Curt J. Daniels, MD, FACC
8:45-9:30 a.m. Transcatheter Aortic-Valve Replacement (TAVR): Who Is the Right Patient (Case Presentations)
Marco A. Costa, MD, PhD, FACC and Alan H. Markowitz, MD
8:00-9:30 a.m. Fellow-in-Training Session: Next Steps in a Cardiology Career
A special session for fellows-in-training. You will not want to miss important information about taking the next step in your cardiology career. Find out how to evaluate practice culture, clinical practice style, financial and business aspects of the practice, employment agreements, practice governance, management, risk management, partnership opportunities, how to select a geographical location, private practice vs. academe, what is the right salary, what to include in your CV, what questions to ask in an interview, what benefits to expect, and more.
Patrick J. White, President, MedAxiom
Panelists:
Joseph G. Cacchione, MD, FACC
Laxmi S. Mehta, MD, FACC
Patrick T. O’Gara, MD, FACC
John A. Phillips, MD
9:30-10:15 a.m. Break, Exhibits, Poster Competition
10:15-11:30 a.m. 1st Annual Richard P. Lewis Memorial Lecture
Mitral Regurgitation in 2012
Patrick T. O’Gara, MD, FACC
11:30 a.m.-12:00 p.m. Fellow-in-Training Oral Competition
continued, next page
12:00-12:45 p.m. Lunch

12:00-12:45 p.m. Special Networking Luncheon for Women in Cardiology

12:45-1:30 p.m. Adapting Cardiology Practice to Recent and Future Health Care Legislation: Report from the ACC
James W. Fasules, MD, FACC

1:30-1:45 p.m. Break, Exhibits

1:45 - 2:30 p.m. Contemporary Clinical Pearls in Physical Diagnosis: A Multi-Media Look at Actual Findings & Sounds, Hemodynamics, and What the Literature Has to Say
James C. Fang, MD, FACC

2:30-3:15 p.m. Fascinating EKG Interpretations
Stephen F. Schaal, MD, FACC, & Donald A. Underwood, MD, FACC

3:15 p.m. Announcement of Poster Winners and Oral Competition Winners
A Brief History of the Richard P. Lewis Memorial Lecture

The Richard P. Lewis Memorial Lecture was established in 2012. Dr. Lewis received a B.S. degree from Yale University in 1957 and his M.D. from the University of Oregon in 1961. He interned and served a residency in internal medicine at the Peter Bent Brigham Hospital in Boston, followed by a fellowship in cardiology at the University of Oregon and a year as a senior resident in medicine at Stanford. Commissioned a captain in the US Army Medical Corps in 1966, Dr. Lewis served a two year tour as associate chief of cardiology at the Madigan Army Hospital in Tacoma, Washington. He then returned to Stanford for a year as an instructor in medicine.

Madigan was just the beginning of his military career. He remained in the US Army reserve and ultimately reached the rank of colonel. Dr. Lewis began his career at the Ohio State University School of Medicine in 1969 as an Assistant Professor of Medicine, progressing to full Professor, with fifteen years as director of the division of cardiology and ultimately as an emeritus professor who never retired from patient care and teaching.

For nearly forty years Dr. Lewis was a devoted fellow of the American College of Cardiology. His leadership roles in the College were legion, from governor for Ohio, to trustee and president of the College in 1996-1997. All the while, his passion was education and patient care. For more than 20 years he was one of the most active members of the Editorial Board of ACCEL, the College’s audio journal. Over the years he did literally hundreds of interviews in this country and around the world.

But perhaps the hallmark of Dr. Lewis’ contributions to the College was his dedication to innovations in cardiovascular education. He was the founding editor of the American College of Cardiology Foundation’s Adult Clinical Cardiology Self-Assessment Program (ACCSAP) and editor of the seventh edition of ACCSAP at the time of his death. He was a member of the College’s Lifelong Learning Committee, the CardioSmart Advisory Board, the ACCIS Editorial Board and a variety of other committees. For many years he chaired the SAP Editorial Board and was instrumental in expanding ACC educational products into international markets.

Dr. Lewis has been described as an icon of quality care and clinical excellence throughout his remarkable cardiovascular career. He was viewed as a mentor, a trusted leader and a friend by all who knew him. Although Dr. Lewis was recognized internationally as a distinguished academic cardiologist and educator, he believed, and practiced throughout his career, that for a doctor, there is no mission more sacred than giving care and comfort to every patient.
About the 2012 Richard P. Lewis Memorial Guest Lecturer

Patrick T. O’Gara, MD, FACC

Dr. O’Gara is the Executive Medical Director of the Shapiro Cardiovascular Center and Clinical Cardiology at Brigham and Women’s Hospital and Professor of Medicine at Harvard Medical School. His clinical activities center on patients with valvular heart disease, complex coronary artery disease, aortic disease and other structural heart diseases. Since 2001, he has been named annually among the Top Doctors in Boston and the US. Dr. O’Gara is the immediate past co-chair of the ACC 2012 Scientific Session Program Committee and currently serves the ACC as Vice-President. He is also an active participant in many AHA activities at the local, regional, and national levels. He is the Steering Committee Co-Chair of the NHLBI Cardiothoracic Surgery Network (CTSN), a research consortium of academic surgical centers performing randomized, proof of concept surgical trials.
Laxmi S. Mehta, MD, FACC
Clinical Director of the Women's Cardiovascular Health Program
Division of Cardiovascular Medicine
The Ohio State University
Secretary/Treasurer, Ohio Chapter of the American College of Cardiology
Columbus, OH

Joseph F. Pietrolungo, DO, FSVM, FACC
Consultant Cardiologist, NEOCS
Director of Quality in CAD Management
Director of Peripheral Vascular Interventional Lab
Summa Health Systems, Akron OH
Assistant Professor of Medicine
NEOMED, SUMMA Health System
Rootstown, OH

All current Ohio fellows in an Ohio cardiology training program are invited to present their research (past or present) during the poster session, scheduled for Saturday, October 13. Eligible posters may present recent data, case study* or information that has been presented previously at a local or national meeting. The abstracts will be judged in advance to select the top two abstracts for oral presentation. The rest of the accepted abstracts will be presented as posters and judged at the poster presentation on Saturday, October 13. There are cash prizes!

Visit [http://ohioaccmeetings.org/am/poster/](http://ohioaccmeetings.org/am/poster/)

*If you submit a case study:

1. Case reports should be of a rare, unusual, or unexpected finding in a patient;
2. The diagnosis should be known or the workup as complete as possible (all evidence as to the diagnosis should be included);
3. There should be a brief review of the literature including numbers of patients with similar findings/outcomes, risk factors, how it has been evaluated/treated, and outcomes where known;
4. The case should include as much follow-up as is available;
5. Pathology slides and supporting evidence should be included.
Statement of Need

Cardiovascular disease is the leading health care problem throughout the world. In the United States alone, an estimated 70 million people have been diagnosed with one or more forms of cardiovascular disease (CV), and over 910,000 Americans die from CV disease each year. The cardiac care team is increasingly asked to develop systems of care, the methods for which are not necessarily part of the traditional medical training. We are asked to do this better, faster, more efficiently and at a lower cost.

Overall Goal

The overall goal of this activity is to increase learner competence by discovering strategies to anticipate research-driven changes in practice, to enhance professional growth, and to demonstrate efficacy in team based patient care practice as new clinical approaches and technologies change.

Learner Objectives

Upon completion of this program, participants should be able to:

- Address common problems unique to adult patients with congenital heart disease that we will see in our practice.
- Discuss the newer available therapies for aortic valve disease, including TAVR, and appropriately refer patients for these treatments.
- Describe practice options and necessary steps to attaining a position to meet the needs of the cardiac patient population.
- Discuss the pathophysiology, contemporary work-up, medical management, conventional surgical as well as newer endovascular treatments of mitral valve regurgitation.
- Recognize the impact of Health Care Reform legislation on the practice of cardiology.
- Utilize diagnostic tools of the physical exam to detect cardiac disease.
- Recognize and interpret both common and unusual ECG and rhythm strip tracing.

Target Audience

Adult Cardiologists, Pediatric Cardiologists, Cardiothoracic Surgeons, Cardiology Fellows-in-Training, Nurses, Nurse Practitioners, Clinical Nurse Specialists, Physician Assistants, Pharmacists
ACCF Disclosure & COI Policy Statement

ACCF/Chapter committee members, faculty, staff and other individuals who are in a position to control the content of this activity are required to disclose all real or apparent conflicts of interest. All relevant potential conflicts of interest that are identified are thoroughly vetted through a process that includes course directors and appropriate peer review by education committee chairs/members, for fair balance, scientific objectivity and validity, patient care and safety recommendations. Full disclosure will be published in the syllabus.

Accreditation

Physicians
This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of the American College of Cardiology Foundation and the Ohio Chapter of the American College of Cardiology. The American College of Cardiology Foundation is accredited by the ACCME to provide continuing medical education for physicians.

The ACCF designates this live educational activity for a maximum of 5.5 AMA PRA Category 1 Credit(s)™. Physicians should only claim credits commensurate with the extent of their participation in the activity.

Nurses
American College of Cardiology Foundation is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

The ACCF designates this educational activity for a maximum of 5.5 continuing education hours. Requirement for successful completion is attendance at the program in its entirety and completing the evaluation tool.

While offering CME and CNE credits noted above, this program is not intended to provide extensive training or certification in the field.

Acknowledgment

At the time of printing, a complete listing of industry supporters was not available. Appropriate acknowledgment will be made upon confirmation of support and at the time of the program.
REGISTRATION
You may register online at www.ohioacc.org. The registration fee for the meeting includes educational materials, continental breakfast, breaks and lunch.

PHYSICIAN
Ohio-ACC Member ........................................................................ $90
Non-Member Physician ............................................................... $100

CARDIAC CARE ASSOCIATE
Ohio-ACC Member ........................................................................ $60
Non-Member ............................................................................... $70

PRACTICE MANAGERS ........................................................................ $35

RESIDENTS, FELLOWS, AND STUDENTS............................... FREE with pre-registration

CANCELLATIONS
Cancellation requests must be received by October 5, 2012. No refunds will be made after that date.

MEETING LOCATION
The Conference Center at NorthPointe
www.conferencecenteratnorthpointe.com
9243 Columbus Pike
Lewis Center, Ohio 43035
1-866-233-9393

ACCOMMODATIONS
Call The Conference Center at NorthPointe at 1-866-233-9393 for room reservations by September 21, and mention the Ohio-ACC meeting. Room reservation rates INCLUDE dinner on Friday, October 13, in the dining room from 5:30-8:00 pm (or boxed dinner for late arrival with prior notification), and overnight accommodations.

The special discounted rates are as follows:

- Meeting attendee single occupancy is $199 + tax
- Meeting attendee double occupancy is $175 + tax per meeting attendee

NEARBY ACTIVITIES
Nearby shopping includes Polaris Mall (anchor stores: Saks Fifth Avenue, Macy’s, JCPenney, Great Indoors, Sears, etc.). Nearby restaurants include Olive Garden, Molly Woo’s, Brio, The Cheesecake Factory, Benihana, etc. There is an 18-screen Rave movie theater nearby. Magic Mountain (miniature golf & go-karts) is less than 5 miles away. The Columbus Zoo is less than 10 miles away.

QUESTIONS? CALL 1-800-983-OHIO OR 614-859-ACC3.
