Proposal to Provide Services for

About Time Warner Cable Business Class

Time Warner Cable Business Class, a division of Time Warner Cable, offers a full complement of business communications tools to small-and medium-sized businesses and enterprise-sized companies. Its Voice, Internet, Television, Network and Cloud Services are enhanced by award-winning customer service and local support teams. Through its NaviSite® subsidiary, the Company also offers managed and outsourced information technology solutions and cloud services. Time Warner Cable Business Class was founded in 1998. Today, it serves more than 600,000 business customers throughout Time Warner Cable's markets.

Customer Support and Operations Center

Time Warner Cable Business Class operates a 24 x 7 operations center that proactively monitors its entire network including network elements and customer premise equipment.

Customers may contact our customer support staff any time of day or night by telephone or via the Time Warner Cable Business Class online self service portal.

The self service portal provides customers with a searchable knowledge base and the ability to create, edit and track support issues that may be impacting service. To further assist us in providing the best customer support possible please provide a technical contact for your organization. This individual will be our primary point of contact for support issues and will receive notices related to any matter that may be impacting or threaten to impact service.
