FOREWORD

2

Welcome to International Procurement Agency, Inc. (IPA) and thank you for your interest in our organization!

We are proud of our 30 year experience in providing non-profit and governmental agencies with superior procurement, project supplies and international logistical solutions. Our sister offices in The Netherlands and Uganda, along with an extensive network of agents around the world, truly give IPA a global reach.

By selecting IPA, we believe that your organization will benefit from our extensive experience, as well as the assurance of adherence to the specific procurement guidelines. Additionally, our proven expertise in Supply Chain Management will enable your organization to get the most out of your budget as a result of an efficient procurement cycle.

We pride ourselves on longstanding relationships with clients as well as manufacturers. These relationships are a direct result of our commitment to provide competitive pricing, quality products, superior order management and international logistics. At IPA, we believe that ***“customer service is not a department, but a commitment.”*** When selecting IPA, our clients are assured the highest level of commitment, as we take total responsibility for the entire supply chain and procurement cycle.

In regards to relief efforts, we believe that “opportunity cost” equals “risking the ability to save lives.” Our mission is to always provide our clients with the highest “value for money.” Although price is a large aspect of procurement, we consider reliability and delivery to be equally important components.

Thank you again, and we look forward to working with your organization to help make your program a success!

Sincerely,

Barry Kroon
Managing Director
On behalf of,
USA International Procurement Agency, Inc.

NO PRICES ... WHY?

3

As you will notice, there is no pricing in this catalog. IPA provides quotations based on the current market value of each item and the most up-to-date freight and foreign currency exchange rates. After 30 years in business, we have found this is the best way to provide our customers with the most accurate and cost effective pricing. Moreover, our quotations outline all details of our offer providing our clients with a total overview for their request.

Upon receipt of your project requirements, IPA will prepare a comprehensive proposal including material costs, freight and additional services, free of charge. The IPA staff has extensive field experience and a global network of expert advisors. Our firsthand knowledge of worldwide manufacturers, coupled with IPA`s buying power, ensures you get the best products, at the best value for your project.

Our business is primarily based on trusted referrals and recurring clients. Only in particular circumstances do we require Letters of Credit or prepayment. In most cases, we invoice once the order is on its way, as evidenced by a shipper`s bill of lading or an air waybill.

For your convenience we now also accept MasterCard and VISA.

Bicycles & Accessories

Whether you need to purchase bicycles or the necessary equipment to maintain and repair them, IPA can provide a complete solution. We can also customize your spare parts kits to match not only your current fleet of bicycles, but also the local terrain.

Bicycles

Bike Oil

Bike Repair Tools

Spare Bike Parts

SHIMANO

TREK

Chemicals

Do you need fertilizer to help your crops grow, a backpack sprayer, or maybe chlorine for use in water purification for a large scale project? Whatever your need, IPA experts can get you the chemicals, equipment and personal protection equipment (PPE) required to make your next project a success.

Fertilizer

Personal Protection Equipment (PPE)

Equipment

Chemicals

The Chemical Company

Commodities

Whether you need soybeans or rice, IPA can provide you not only with assistance purchasing these items, but the logistics to get the products to the end destination. We ensure that the seeds supplied are right for your geographic region. When emergencies arise, Meals Ready to Eat (MRE) are highly recommended due to the long shelf life and versatility to be utilized where kitchens may not be easily assembled.

Soybeans

Lentils

Grain

Meals Ready to Eat

Communication

IPA not only supplies mobile communication equipment (VHF, VSAT, etc.), but we ensure you get the correct frequencies, voltage and equipment for your region. We also can provide emergency dispatch kits with protective hard cases. We know your communication needs are a top priority and will work with you to provide the best solution for your individual situation.
