After you sign up online, you will receive a confirmation. There will be a link for you to print out the consent form for vaccinations. You only need to print out one consent form. All vaccines are on the same form with the exception of the B12 injection. B12 will require a separate form. If you have questions about any particular vaccination, please see our nurse on the day of the clinic.

On the date of your vaccinations, you must bring a photo copy of your insurance card as well as a photo copy of your driver's license to receive your vaccinations at no charge.

If you are paying for your vaccinations please bring cash or a check made out to North Texas Flu Shots.

If you received vaccinations from us last year and do not have a copy of your records, please email us at info@northtexasflushots.com. In the email you will need to include the email address you want the records sent to, your name and your insurance ID number. Please do this at least a week before your scheduled flu clinic to ensure we have ample time send you your records. Thank you!
