

To check to see if you have already completed the Compliance 101, click on the [GoPher It portal](#). You can easily see when your due date is.

How to Check Your Compliance Due Date

Oct
6

Check Your Due Date for Compliance Class Completion
Log into the [GoPher It portal](#) and you will see a small note under the menu items that tells you when your next due date is for class completion. (See screenshot below)

Important Note: If you have recently taken the class, please allow **three business days** for your class attendance to reflect in our records and in the due date that's reflected in the [GoPher It portal](#). Once you take the class, you will be required to take the class again in two years.
