THIS YEAR'S CHARITY

Providence Access to Care Program

The Providence Access to Care Program works in partnership with the emergency departments at Providence Holy Cross Medical Center, Providence Saint Joseph Medical Center and Providence Tarzana Medical Center to link uninsured patients with health care services. Our Community Care Coordinators work directly with individuals and families in accessing health care services and information about programs and resources at no cost. The program aims to ensure patients are connected with medical homes, health insurance, and other community resources they may need to ensure that they receive care in the right medical setting with appropriate follow-up.

(Please make checks made payable to LAAHU)
