

Employee Spotlight – Stan Dickerson, Account Manager

What is your job title and what does the position entail?

My job is Account Manager in the Chattanooga TN area. My main responsibility is finding new automation solutions for my customers. In Addition, I pursue all customer requests, providing technical information and product demonstrations while serving as their primary contact to ACS.

What do you like best about working at ACS?

There are so many new and pleasant surprises about ACS that are unique to my market place. I appreciate the depth of the engineering staff and the mix of product line. I'm excited about the opportunity to expand my personal knowledge of vision system and to bring that knowledge to my customers.

Can you tell us a little about your background and how it helps you in this position?

I have only been with ACS a few weeks, but have been involved with industrial controls and related hardware for 20 + years in middle Tennessee. Coming from Motion Industries, and Control System Integration, I have a great deal of automation experience, which I plan to bring to support ACS's efforts in the Chattanooga area.

Describe some of your hobbies – what do you like to do outside of ACS?

My hobbies are too many and not the time for them all. I love to motorbike and bicycle ride. I play the drums and have recorded and toured with groups from Nashville much of my life.

What is something that your customers might find surprising about you?

My real first name is William, everyone calls me Stan.
