About TRACEcertification

TRACEcertification is a comprehensive due diligence review, analysis and approval process administered by TRACE, the world's leading anti-bribery standard setting organization. The successful completion of TRACEcertification demonstrates your commitment to commercial transparency, allowing you to serve as a valued business partner to multinational companies. For more information or to start the certification process, visit www.TRACEinternational.org/get-certified.

TRACEcertification is not a guarantee against past or potential wrongdoing by the certified entity or a guarantee against potential liability. A summary of any "red flags" identified during the TRACEcertification review will be included in the report, but not all red flags preclude TRACEcertification. Companies doing business with the TRACE Certified entity should always request a full copy of the underlying report.
