How do you nurture your relationship with Earth?

Why do you want to participate in the SuperNatural Christians Retreat?

If you went on the retreat, which of the following (you can select more than one) might be difficult for you personally? Why?

- 1 to 2 miles of hiking each day, some of it with a canoe on your back
- no toilets
- exploring different forms/types of prayer
- hiking in the rain or snow
- discussing spirituality
- extended periods of silent reflection
- no showers
- returning to Rockhurst to work on an environmental issue
- battling wicked swarms of mosquitoes
- no phone calls (no cell phones, no email, no nothing!)

What is your favorite aspect of spending time outdoors?

A key aspect of the SuperNatural Christians retreat is participants' commitment to a living a more intentional relationship with Earth (recycling more, using less water while shaving, educating people about environmental issues, prayer, etc.). Why do you think you would be able to commit to an environmental endeavor?

How many times have you gone camping?

How many times have you gone backpacking?

Are you allergic to bee stings or insect bites?
