**JAMIE P. MORANO, MD, MPH**

135 College Street, Suite 323, New Haven, CT 06510

Cell: (203) 687-7162; Fax: (203) 737-4051; jamie.morano@yale.edu

---

**Education:**

<b>Yale University, Yale New-Haven Hospital</b>	Sept 2009 - present
Fellow, Infectious Diseases, NIH-T32 Training Grant, July 2010-present	
Attending, CT HIV Correctional Clinics, July 2011-present	
Attending, Internal Medicine, September 2009-June 2010	
<b>Dartmouth-Hitchcock Medical Center</b>	June 2004 - June 2007
Categorical Internal Medicine Internship and Residency	
Department of Medicine Excellence in Teaching Award, August 2005	
Board Certified Internal Medicine August 2007	
<b>Harvard University: Master of Public Health</b>	Sept 2003 - June 2004
Quantitative Methods (Epidemiology & Biostatistics)	
Founder of Harvard Health Policy Forum	
<b>University of Tennessee College of Medicine: M.D.</b>	Sept 1999 - June 2003
<b>National Board of Trustees, American Medical Student Association</b>	
Honor Council Executive, Secretary	
Imhotep Leadership Award & Charlotte M. Kennedy Award, 2001	
<b>Fulbright Scholar: University of Hong Kong, SAR China</b>	July 1998 - May 1999
Epidemiology Research Associate	
<b>Fulbright Board of Trustees, NCAC 2008-2009</b>	
<b>Princeton University: A.B., Triple Major</b>	Sept 1994 - June 1998
East Asian Studies, Politics/Ethics with Mandarin Chinese	
Princeton Christine M. Picard '87 Award, 1997 (outstanding thesis proposal)	
Chinese Department Mandarin Elocution Award, 1998	
Whig-Clivosophic Debating Society Award, 3 <sup>rd</sup> place	
<b>Princeton in Beijing Intensive Mandarin Course</b>	June - August 1997
Scholarship Grant from Princeton University to Attend, 1997	
<b>St. Mary's Episcopal School, Memphis, TN</b>	Sept 1990 - May 1994
Valedictorian, National Merit Finalist	

**Employment:**

**Attending Physician, HIV and Hepatitis Clinics**, July 2011 to present. Ongoing service for a challenging criminal justice population with comorbidities of substance use at York Correctional Clinic in Niantic, CT, and New Haven Correctional Center in New Haven, CT. Telephone call for all HIV+ inmates in Connecticut a week of each month since 2011.

**Fellow, Infectious Disease Clinician**, August 2011 to June 2012. Weekly HIV clinics at St. Raphael's Hospital Haelen Center for first two years of fellowship in a challenging urban, marginalized population.

**Yale New-Haven Hospital, Attending Hospitalist and Internal Medicine**, Sept 2009-June 2010. Instructed medical students and residents for a full year with innovative lectures and teaching rounds; mentored visiting international students on elective.

**Attending Hospitalist, Private Practice, Internal Medicine**, Rockville, MD, September 2007-September 2009. Highly productive twenty-member private practice group with innovative financial and patient care system. Position was taken in order to be able to work on health care reform and serve on Fulbright Board in the D.C. metro area.

***Grants Awarded:***

**Vertex Pharmaceuticals, Hepatitis C Circle of Care Grant (amount: \$50,000)**, November 2011 to present. Pioneered the implementation of the first rapid Hepatitis C testing program in the United States with successful pilot for testing and linkage to care for marginalized populations with Hepatitis C (PI: Altice). This “HepHome” project was one of fourteen successful national recipients to develop innovative outreach and treatment plans for Hepatitis C monoinfection. Coordination with the National Viral Hepatitis Roundtable and Connecticut Department of Public Health for updating Hepatitis C testing and surveillance strategies. Selected to present work at poster presentation conference November 9, 2012 meeting in Boston, MA.

**NIH Training Grant T-32, Yale University. July 2011 to June 2013.** Working with Dr. Frederick Altice on epidemiological projects relating to latent tuberculosis, HIV, and Hepatitis C in marginalized communities using datasets from an extensive mobile clinic model.

***Current Research Projects:***

**Yale-China Fogarty Program in Medicine and Ethics.** Invited under auspices of Dr. Kaveh Khoshnood as faculty level instructor on HIV disclosure and treatment confidentiality to improve testing and linkage to care. Xiangya School of Medicine, Changsha city, Hunan Province, anticipated March 2013.

**Yale-China Association and Yale-China Law Center**, 2009-present. Participation in exchange mentorship events and monthly dinners and discussions with China scholars as part of Yale-China Association and lectures with Yale-China Law Center at the Yale School of Law.

**The Latent Tuberculosis Determinant and Treatment Adherence Project (LTBDATA): Yale Community Health Care Van (CHCV) Longitudinal Cohort**, November 2009 to present. First to synthesize database of 23,628 entries from 2003 to 2011 to establish correlates of infection and treatment completion for latent tuberculosis in an urban cohort. Presented at the Connecticut Society of Infectious Diseases Conference May 2012.

**Yale Clinical Research Hepatitis C Monoinfection Clinic**, 2011-2013. Founder and provider for all newly diagnosed Hepatitis C clients screened on the Community Health Care Van mobile clinic, which is key resource for uninsured and undocumented patients. Education, evaluation, and comprehensive care for HCV positive individuals.

**Yale HIV and Hepatitis C Clinical Trials Program**, 2012. Investigator, Vertex VX11-950-115 “Phase 3 Open Label Study of Telaprevir in Combination with Peginterferon Alfa-2a and Ribavirin in Subjects with Chronic Hepatitis C Genotype I and HIV Coinfection.” Participation in weekly clinical trials meetings Fall 2012 with senior staff including Dr. Gerald Friedland.

**Yale University School of Medicine Investigative Medicine Program, 2011 to present.** Participation in PhD level research courses such as “Principles of Clinical Research,” “Ethical and Practical Issues in Clinical Investigation,” “Topics in Human Investigation,” and refresher courses on biostatistics.

***Current Publications:***

**Morano J, Gibson B, Altice F. “The Burgeoning HIV/HCV Syndemic in the Urban Northeast: HCV, HIV, and HIV/HCV coinfection in an urban setting.”** Submitted December 2012 and under review. Accepted and completed as Oral Presentation for IDSA October 20, 2012. Distributed on international HIV listserv as breaking news in the field by Jules Levin.

**Morano J. “HIV 2.0”. *New England Journal of Medicine*, 200<sup>th</sup> Anniversary, Gold Essay Award Winner.** Selected from hundreds of international entries on technology and medicine to participate in July 22, 2012, NEJM 200<sup>th</sup> Anniversary celebration at Harvard Medical School, Boston, MA, with special meeting with NEJM editor Dr. Jeffrey M. Drazen. Available at: <http://nejm200.nejm.org/essay/hivaid-2-0/>, posted April 16, 2012.

**Morano J. “Addiction Needs Attention.”** Opinion-Editorial in *Yale Daily News*. November 29, 2011. Newsprint and at <http://yaledailynews.com/blog/2011/11/29/morano-drug-addiction-needs-attention/>

**Morano J, Walton M, Zelenev A, Bruce D, Altice F. “Determinants of Latent Tuberculosis Infection in a U.S. Urban Cohort: New demographics for a changing epidemic.”** Manuscript completed and awaiting approval. Poster Presentation at IDSA October 20, 2012.

**Morano J, Walton M, Zelenev A, Bruce D, Altice F. “Directly Observed Therapy versus Self-Administered Therapy for Latent Tuberculosis Infection in an Inner City Cohort.”** Manuscript completed and awaiting approval. Poster Presentation at Connecticut Infectious Disease Society May 2012.

Gibson B, **Morano J**, Walton M, Marcus R, Zelenev A, Bruce R, Altice F. “**Determinants of Frequent Visitation to a Mobile Medical Clinic: Innovative evaluation methods addressing healthcare access in vulnerable urban populations.**” Manuscript completed and awaiting approval. Poster presented by B Gibson at Connecticut Public Health Association Conference August 2012.

**Morano J, Zelenev A, Gibson B, Marcus R, Lombard A, Altice F. “Rapid Hepatitis C Testing on a Mobile Medical Clinic: An innovative pilot for testing and linkage to care.”** In progress; abstract to be submitted for IDSA 2013.

Wang C, Hu F, Tucker J, Xu M, Lan Y, **Morano J**, Lemon S, Cai W. “**Epidemiology and Clinical Outcomes Associated with Hepatitis C Virus Monoinfection and HIV/HCV Coinfection in Southern China.**” In progress. Part of C Wang’s Fogarty Research work with University of North Carolina at Chapel Hill.

***Prior Publications:***

Manzoli L, Di Giovanni P, Dragani V, Ferrandino MGF, **Morano J**, Rauti I, Schioppa F, Romano F, Staniscia T. “**Smoking behaviour, cessation attempts and parental smoking influence in older adult women: a cross-sectional analysis from Italy.**” *Public Health*. 2005 Aug;119 (8):6708.

Savoia E, **Morano J**, Cote D, Rampal S, Villa D, and Testa M. “**Public Health Preparedness Evaluation and Measurement.**” *Italian Journal of Public Health* 2004; 1(1-2):56.

**Morano, J. “Medical and Legal Analysis for the Primary Care Physician: Sexual Abuse of the Mentally Retarded Patient.”** *The Primary Care Companion to The Journal of Clinical Psychiatry*. Vol 3, No 3, 2001:126-135.

***Board of Trustees and Task Force Participation:***

**National Fulbright Association Board of Trustees, D.C. National Capital Area Chapter, 2008-2009.** Elected by Fulbright peers to represent interests of domestic and international visiting scholars; organizing of academic gatherings as well as strategies to improve cohesiveness among Fulbright alumni networks.

**American Medical Student Association National Board of Trustees, 2002-2003.** Elected by medical student peers in Southeast Region VII to represent interests in medical education and to coordinate funding for public health initiatives. Participated in key financial decisions at meetings at national headquarters in Reston, VA.

**Connecticut Department of Public Health Hepatitis C Task Force, 2012-2013.** Selected to participate as physician advisor to expand Hepatitis C testing, linkage to care, and treatment for Connecticut’s population; coordination is multi-disciplinary and includes Yale Gastrointestinal Liver Clinic.

**Yale School of Medicine, Graduate Medical Education Council Representative, 2011-2012.** Elected by peers in infectious disease department to reform and modify educational initiatives. August 2011- June 2012. Participation in monthly council meetings and special workshops to improve fellowship program.

**Harvard School of Public Health, Health Policy Forum, Founder, Sept 2003-May 2004.** President and Founder. Coordinator of debates, discussions, and forums for Harvard and Brigham and Women’s medical and policy community.

**American Medical Student Association National Health Policy Action Committee Coordinator, 2001-2002.** Elected at national meeting to spearhead issues for Tobacco Control and to pioneer innovative web-based instruction for policy change and innovation within medical student education. Created a petition to the Federal Trade Commission for increased international tobacco control as well as publications for membership education and action.

**American Medical Student Association, Chapter Vice-President of Programming, 2001-2002.** Elected by medical student peers to represent policy issues on a local level; worked to integrate local interests with national policy agendas.

**Honor Council Executive, University of Tennessee College of Medicine, 1999-2003.** Elected by Council as Secretary, 2001-2002. Served to assist deliberations and policy decisions to promote trust and professionalism in medicine.

**Honor Council Executive, St. Mary's Episcopal School, 1994-1998.** Elected by peers to encourage fairness and equity treatment of all students in keeping with the Honor Code to preserve academic integrity and excellence.

***Prior Research Experience:***

**Harvard University, Department of Biostatistics, 2004.** Researcher for quantifying national bioterrorism preparedness. Worked as part of a five person team to analyze Massachusetts Department of Public Health preliminary data under Harvard mentor Marcia Testa, PhD. Abstract accepted to American Public Health Association, November 2004, Washington, D.C.

**Centers for Disease Control and Prevention, Atlanta, GA, April-May 2003.** Conducted interviews and translated pilot survey in Mandarin for SARS research as epidemiology research intern at National Center for Infectious Diseases. Emergency Operations Center (EOC) volunteer for SARS domestic state support. First author on MMWR submission with Office of Smoking and Health. Participant in Epidemiology Intelligence Service (EIS) conference 2003.

**Centers for Disease Control and Prevention, Chicago, IL, May 2002.** Conducted Spanish questionnaires in two local health departments to assess mercury exposure among Hispanic youth with cross-sectional epidemiological analysis. Interviews in Spanish as CDC field investigator for pediatric mercury exposure in Chicago with CDC Center for Environmental Health, Health Studies Branch.

**Dartmouth Hitchcock Medical Center, Lebanon, NH, 2005-2006.** Worked with Dr. Jonathan Ross as Research Associate to compile the Dartmouth Evidence Based Medicine Database. Involved literature review and innovative online format for access by Dartmouth medical staff and faculty.

**International Children's Heart Foundation, Shanghai, Nanjing, PR China, October 2002.** Contributed as surgical assistant, translator, and documentary photographer for team of pediatric cardiac surgery under Dr. William Novick. Sites included Shanghai Military Hospital and Nanjing Children's Hospital. October 2002 Excursions to Tibet, Chengdu, 2002.

**Judicial-Medical-Pharmacy Health Policy Fellowship, Nashville, TN, July 2000.** Selected from a competitive pool of applicants to work as a team to publish a report to district attorney as medical ethical research consultant to the legal department of the Tennessee Bureau of Investigations.

**Fulbright Scholar, Hong Kong, SAR China, 1998-1999.** Designed and executed biostatistical analysis of modifiable risk factors for infant mortality rates in conjunction with leading physicians at the University of Hong Kong as research associate. Interacted with officials from U.S. Department of State as part of official duties as scientific ambassador.

**Zhejiang Technical College and College of Traditional Medicine, Hangzhou, China, 1996.** Mandarin instruction at premier technical institute of China and implementation of project on utilization patterns of medical use in Hangzhou using Mandarin surveys and interviews.

***Prior Abstracts with Conference Participation:***

**Morano J, Walton M, Zelenev A, Bruce D, Altice F. "Determinants of Latent Tuberculosis within an Urban U.S. Immigrant Cohort, 2003-2011."** Poster accepted and presented to The

International Union Against Tuberculosis and Lung Disease Conference, Kuala Lumpur, Malaysia, November 15, 2012.

**Morano J. “The Case of a Broken Heart: an unusual case of cardiac synovial sarcoma.”** Poster presentation at American College of Physicians, New England Regional Meeting, Tufts-New England Medical Center, Boston, 2007.

**Morano J, Talbot E. “Frontlines for Diphtheria Outbreak Control: Corynebacterium Diphtheriae versus Corynebacterium Propinquum.”** Abstract Poster presented to Society for General Internal Medicine, Los Angeles Conference, March 2006.

**Morano JP, Easton AC, Robinson RG, Troclair A, Malarcher MS. “Current Cigarette Smoking Among Blacks and Whites - United States, 1965-2001.”** Oral Presentation at 7<sup>th</sup> Annual Society for Research on Nicotine and Tobacco (SNRT) European Conference, Prague, Czech Republic, March 2005. Work later incorporated by department for MMWR submission.

**Morano J. “Neurosyphilis Presenting as Stroke in Heterosexual, HIV Seronegative Patients.”** Abstract accepted for presentation to American College of Physicians – American Society of Internal Medicine Conference, September 2004.

**Morano J. “Emerging Syphilis Incidence and Case Presentations of Neurosyphilis Presenting as Stroke.”** Poster presentation at American College of Physicians Meeting, New England Regional Meeting, Stowe, VT, Winter 2004.

Savoia E, **Morano J**, Cote D, Rampal S, Villa D, Testa M. **“Quantifying Public Health.”** Poster presented by M Testa at American Public Health Association Meeting, September 2004.

***Editorial Experience:***

**Lippincott, Wilkinson, & Williams.** Freelance consultant of Medical Student Editorial Board. Reviewer of Rubin’s Pathology, 6<sup>th</sup> edition.

**Princeton Pacific Asian Review,** Princeton University, Woodrow Wilson School of Public and International Affairs, 1998. Served as article editor for innovative newsletter of foreign affairs.

**Institute for Cultural Affairs (ICA), United Nations affiliate.** Co-founder of the Woodside Gallery of Art and Concert Hall, Quarry Bay, Hong Kong. Coordinated concert and art public relations programs for Cantonese speaking community with coordination of American embassy. Original photography featured in opening exhibit.

***Languages:***

**Spanish** (fluent): four years high school, Madrid exchange student 1994, Princeton Spanish literature classes, intensive translation in clinic and emergency rooms in medical school and two years while in D.C. and in Connecticut Department of Correction HIV clinic

- **Princeton Medical Center:** Clinic Translator and University Coordinator for Guatemalan Refugee Assistance, 1997-1998. Princeton, NJ.

- **Mama Informativa, Bebe Sano: Instruccion Prenatal.** Designed & implemented community prenatal education classes for Hispanic mothers. Classes and follow-up surveys in Spanish. **Winner of the Charlotte M. Kennedy award for excellence in cross-cultural education** for a two year project as part of medical school Longitudinal Community Project.

**Mandarin Chinese** (conversational): three years Princeton level with clinical use while in D.C. and ongoing interaction with visiting Chinese scholars with Yale-China  
**Cantonese** (basic): classes level I and II while nine months in Hong Kong  
**French** (basic): completed intensive Eurocentres (Amboise, France, summer 1999)  
**Italian** (basic): completed intensive Sorrentolingue (Sorrento, Italy, summer 2003) with three week intensive internship at Istituto Mediterraneo per i Trapianti e Terapie ad Alta Specializzazione (ISMETT) affiliated with Thomas E. Starzl Transplantation Institute at University of Pittsburgh Medical Center

***Statistical Skills:***

- STATA 12.1 IC. Intermediate coding including logistic and binomial regressions, data merging and cleaning, odds ratios, and survival analysis.
- SPSS fluency
- ARC GIS geospatial mapping classes

***Invited Speaking Engagements:***

**University of College London, School of Tropical Medicine and Hygiene, London, UK, Spring 2011.** “Epidemiology and Management of Lyme Disease: An American Scourge.” Presentation to senior faculty at University of College London. Participation in two-week intensive clinical experience as part of Yale-University of College London exchange program. Worked with specialist Dr. Philip Gothard to see cases of malaria, Hansen’s disease, and echinococcus.

**Harvard Medical International and the Global Medicine Committee of the Massachusetts Medical Society, Waltham, MA, February 7, 2004.** “Medicine in East Asia: Epidemiological Research in China and Tibet.” Presented to group of students and faculty from Harvard Medical School, Brigham’s and Women’s at the New England Regional International Health Medical Education Consortium Medical Student Conference.

**University of Hong Kong, Department of Community Health, Pokfulam, Hong Kong, SAR China, May 1999.** Presented culmination of year long research to faculty and research staff at institution. Work with Drs. TH Lam and Dr. Anthony Headley. Morano, J., Bush, A. “Hong Kong Infant Mortality Rate 1975-2000: public health implications for a dramatic decline.”

**Yale University, Department of Infectious Diseases, 2010-2011.** Biweekly CME conferences and original case presentations in front of faculty panel. Ongoing journal club presentations 2010 to 2013.

**Yale University, Department of Hospitalist Medicine.** “Skin and Soft Tissue Infections”; Hospitalist and Nurse Practitioner Educational Series, May 2010.

***Health Policy Leadership Workshop Activities:***

**American Medical Student Association, Political Leadership Institute, 2002.** Helped coordinate and run the weekend advocacy workshop in Reston, Virginia, for the new generation of physician advocates.

**American College of Physicians Leadership Day, Washington, D.C., May 2008 and May 19-20, 2009.** Participated as Key Contact and ACP PAC Member to serve in delegation to meet

personally with Congress members on public policy and health advocacy issues. Participation in advocacy workshops and training sessions.

**American Medical Association AMPAC Candidate Workshop.** February 16-18, 2007. Arlington, VA. Intensive national training meeting of physicians interested in participating in the political process.

***Continuing Medical Education (Not as Presenter):***

**Infectious Disease Society of America,** Boston, MA, October 2011.

**Infectious Disease Society of America / ICAAC 48<sup>th</sup> Annual Conference,** Washington, DC, October 2008. Completed Fellows 101 educational training and CME conferences.

**International AIDS Conference (IAS) 2012,** Washington, DC. July 22-27, 2012.

**International Anti-viral Society (IAS) Hepatitis C Training Day Conferences CME**  
Hepatitis C Management Half-Day Seminar: New York City, March 18, 2012.  
Management of Hepatitis C Virus in the New Era: New York City, June 7, 2012.

**Yale University Medical School CME Day Conference Participation**

*Connecticut Infectious Disease Society (CIDS) Conference Participation,* May 2011  
Joint ID/GI Hepatitis C Innovations Conference, Fall 2011.

**European Public Health Association Meeting,** Lisbon, Portugal, Spring 2009.

**American Public Health Association 135<sup>th</sup> National Conference** “Politics, Policy, and Public Health.” Washington, DC, November 3-7, 2007.

**Opioid Management Conference.** Washington, D.C., November 10, 2007. Sponsored by the American Academy of Pain Management.

**ACP LiveMed International Update Conference,** Ciudad de México, Distrito Federal, México February 24-25, 2006.

***Membership:***

Lifetime International Fulbright Society; Infectious Disease Society of America / HIVMA; IAS-USA; Harvard Club of Eastern Connecticut, former Schools Committee Interviewer; Princeton Alumni Association of Eastern Connecticut, former Schools Committee Interviewer; Volunteer Global Health and Medicine Mentor to Princeton Club of New York; American Medical Association; National Physician’s Alliance

***Other Interests:***

Yale Tango Society, Yale Swing and Blues Society, Dartmouth Argentinian Tango Society, Princeton Outdoor Action, Vermont Half-Marathon 2007
