December 2015

VCA West Los Angeles Animal Hospital congratulates Doctors John Chretin, Nicole Buote, Nathan Peterson, Kevin Haynes, Christine Oakley, Laila Proença, David Bruyette and their colleagues on their recent publications. We have a great hospital with a wonderful staff and an excellent case load. It takes a lot of time and effort to translate that into clinical studies and papers that help advance the field of veterinary medicine and highlight the work we do here at our hospital. Congratulations, colleagues!
