

2016 Marv Jensen Safety Award

*Administered by the NorCal, NECA/IBEW L.U. 595 Joint Safety Committee
and sponsored by the Alameda County Labor-Management Cooperation Committee
& the San Joaquin & Calaveras Counties Labor-Management Cooperation Committee*

PROGRAM GUIDELINES

The IBEW 595/NorCal NECA Joint Safety Committee is proud to announce the 2016 *Marv Jensen Safety Award* program to recognize excellence in safety on IBEW/NECA projects. Awards will be presented at the NorCal NECA Fall General Member Meeting for the following project types:

- Commercial
- Industrial
- Low Voltage

For each project type, awards will be presented in two categories based on under and over 5,000 man-hours. Each entry must nominate a specific project completed by a Northern California Chapter, NECA member contractor AND a member of IBEW 595. Only projects within the IBEW 595 jurisdiction (Alameda, San Joaquin & Calaveras Counties) are eligible. Awards will be presented to the contractor and one IBEW 595 member associated with the project who has demonstrated steadfast safety practices. Awards will be based on actual safety records as well as proactive efforts to promote safety in the workplace.

PROJECT CRITERIA

- The ratio of recordable injuries to man-hours worked during the calendar year.
- Implementing improvements in safety processes that result in injury reduction, increased employee awareness, and/or cost savings (team or individual).
- The Incident Rate and Lost Work Days.
- Projects must have been completed or nearly completed within the 2015 calendar year.
- In the event a project may qualify for more than one category, or its category seems unclear, the Judging Committee will make the final determination as to the category.

A Judging Committee consisting of three NECA and three IBEW representatives will review entries. No judges shall have conflicts of interest associated with projects or nominees.

INDIVIDUAL CRITERIA

- Submit a written description of the nominee's contribution and how this IBEW member has displayed commitment to safety and health and involved others in that commitment.
- Describe other contributions the nominee has made to jobsite safety.

Completed entry forms must be received by April 29, 2016

Submit entry forms to: Northern California Chapter, NECA
6300 Village Parkway, Suite 200
Dublin, CA 94568
Or via email: juanitas@norcalneca.org

Entry Form

deadline April 29, 2016

Project Name: _____

Contractor Name: _____ IBEW 595 member: _____

Project Address: _____

City/State/Zip: _____

Submitted by: _____

Phone: _____ Email: _____

Project Type: ☐ Commercial
(select only one) ☐ Industrial
