Guide and Dog _____

We hunt on two of the most beautiful working cattle ranches in California. The Anchor Ranch, located one mile south of town, offers level terrain with lower cover, ideal for those hunters who have some difficulty walking and especially well-suited for training young, inexperienced dogs.

Kemp Ranch, located three miles south of town in the Alabama Hills, offers more challenging terrain and is the location of our Clubhouse.

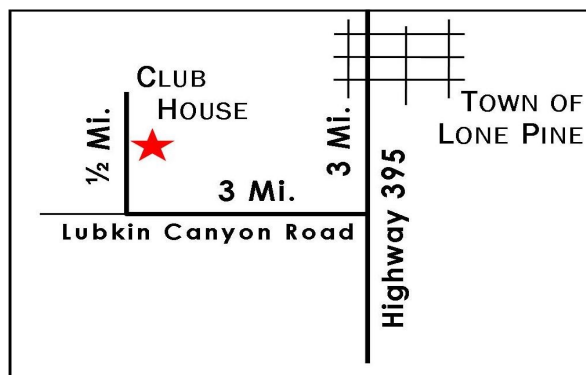

Both of these ranches welcome our hunters, recognizing the importance of good relations between ranching, the community and sportsman.

We are normally open three days a week, Friday through Sunday. However, we will open any day of the week for groups of six or more, who can then enjoy the exclusive use of the entire club.

All Hunts begin at the clubhouse at 8:00AM and 1:00PM. When you hunt with us, you are welcome to stay all day. If you would like us to process your birds, we ask that you stop by the clubhouse about noon with your morning harvest so we can begin processing. That way you won't miss lunch!

**Please feel free to call with any questions
you might have—(760) 876-4590 or

Our Club House is located three miles southwest of Lone Pine as the 'Pheasant flies'. Take highway 395 three miles south of town, turn west on Lubken Canyon Road, travel three miles on Lubken through Alabama Hills/Kemp Ranch, and then right on Tuttle Creek Road (1st paved road). Continue ½-mile to the "Lone Pine Pheasant Club" which is plainly marked.

**LONE PINE
PHEASANT
CLUB**

***EASTERN SIERRA'S PREMIER
SPORTING CLUB***

Established 1987

Lone Pine Pheasant Club is a small hunting club developed exclusively for the hunter who wants to avoid the large commercial operations and enjoy an informal, truly natural hunting experience.

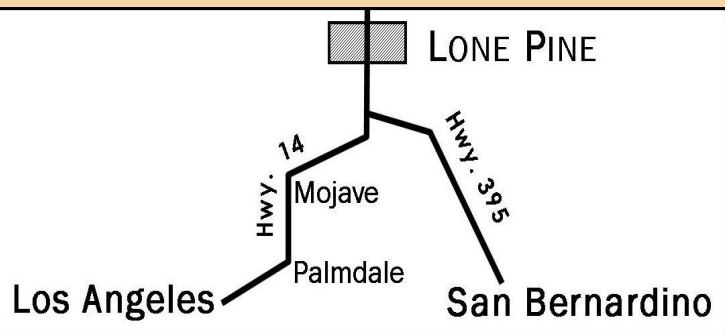

Only 3 hours drive from Los Angeles, Orange & Inland Empire counties, we offer an opportunity unique in all of California. You can hunt with us in the morning then enjoy the pursuit of native game including deer, quail, churkar and waterfowl during the remainder of the day, throughout the beautiful Owens Valley.

In addition, a year round fishing opportunity exists at Diaz Lake and both the Lone Pine & Owens Rivers, all only minutes from our club.

If golf is your bag, Mt. Whitney Golf Club is less than a mile from town.

www.LonePinePheasantClub.com

Lone Pine Pheasant Club's fields of beautiful, natural cover of native grasses, willows and rose bushes have yielded memorable hunting experiences for the serious hunter and their families since 1987.

If you fly in we will furnish what transportation is necessary for hunting and travel to our several excellent motels. If you wish to combine this pheasant hunt with a hunt for some other native game we will gladly make suggestions of areas open to the public. Private and public campgrounds for campers and RV's, both within a couple miles of our club, are open year round. **Or stay at the clubhouse in our adjacent RV parking area.**

We will be happy to make either motel or campground arrangements for you, **(760) 876-4590.**
