

The County's Waterways Just Lost 8,237 lbs

2015 California Coastal Cleanup Day in Napa County was a great success!

The RCD would like to thank the 400 volunteers who came out to the 13 cleanup sites in the County. Volunteers covered 39.5 miles and collected 6,965 lbs. of garbage, and 1,272 lbs. of recycling.

Napa County has always been a positive presence in this

statewide event that provides an excellent, hands-on way for people to keep our waterways clean and pristine. The RCD looks forward to seeing everyone again in 2016.

In the meantime, we challenge you to make every day Coastal Cleanup

Day! Picking up the litter around you is one thing you can do to maintain the aesthetic value of our unique environment, as well as preserve and protect it well into the future.

Thanks to the Day's sponsors:
Napa County RCD, CA Coastal
Commission, Napa
Countywide Stormwater Pollution
Prevention Program, City of
American Canyon, City of Napa,
Town of Calistoga, Napa
Recycling & Waste Services,
Upper Valley Waste Management
District, Recology

Central Valley Builders Supply and Napa Valley Glove & Safety donated buckets and gloves. Wow!

Special thanks to site captains: Friends of the Napa River, Silverado Environmental Association, Napa Valley CanDo, Vintage High School, Penny Proteau, and Steph Turnipseed.

*Extra special thanks to Mollie King, RCD Volunteer Intern,
who provided significant coordination support.*
