## ACCIDENT

Accidents happen to all kinds of people every day.

### In 2009, 38.9 million people—about 1 out of 8—sought medical attention for an injury.\*

What would the financial impact of an injury mean to you? Are you prepared for high medical costs in addition to everyday household expenditures and lost wages? Out-of-pocket expenses associated with an accident are unexpected, but an accident's impact on your finances and your well-being certainly can be reduced.

Aflac is here to help. If you have an accident, major medical insurance will help with many medical expenses, but you could be left with out-of-pocket expenses. You could also lose pay while you're out of work. And you can be sure that the bills will keep coming.
