HPS	- Human and Public Services
HS	- Health Sciences

ACADEMY	SCHOOL	NEED TYPE	QTY	DESCRIPTION
ALL	Roosevelt	People, Equipment/ Materials, Curriculum		We are looking for the following supplies to be donated: top soil, treated wood (50 of 1 x 6 x 8') (400 ft. total), (7 pieces of 4 x 4 x 8'), chicken wire (half in square) (30 linear ft.), 400 galvanized 3 inch long deck screws, an assortment of rakes, shovels, gardening tools, gardening gloves, hoses (100 ft.), and watering cans. We are going to make raised beds. This will be a school wide project across all academies and will have a farm to table theme. We also would need community members to help design and build the beds since we do have a specific course in which this would be delivered.
ALL	Roosevelt	Equipment/ Materials	150	Roosevelt would like to request about up to 150 thumb-drives with any capacity to assist students in saving pertinent information i.e. resume, cover letter, student portfolio work, etc. This would help our Seniors who, once they graduate, will need to have access to update their resume, so having it on a memory device would make a big difference for them.
ALL	Roosevelt	People		We are conducting Mock Interviews for all of our 11th grade students and we need business professionals to interview our students December 1st-4th, 2015. AM session 8:00-10:30 or PM session 11:50-2:20 at Roosevelt.
BAMIT	Guilford	Studio Art AST members		We are in need of studio arts professionals for our Academy Support Team (AST)
BAMIT/ EMITT	Roosevelt	People		We need community members to host small groups of students for job shadowing experiences on a frequent/rotating basis. It would be fantastic if we could provide opportunities for real-world professional feedback to groups of 3-5 students on a monthly basis. Feedback from people in the work world to whom they can show their resumes and cover letters for feedback. I also feel that talking to people in the professional/career world would help bring to life the facts and statistics my students read about in research.
EMITT	Auburn	Equipment/ Materials	MIX	For our sustainable society project for the 2015-2016 school year, we are looking for the following supplies to be donated: top soil, treated wood (50 of 1 x 6 x 8') (400 ft. total), (7 pieces of 4 x 4 x 8'), chicken wire (half in square) (30 linear ft.), 400 galvanized 3 inch long deck screws, an assortment of rakes, shovels, gardening tools, gardening gloves, hoses (100 ft.), and watering cans. We are going to make raised beds, a picnic table, and a bench in the atrium of Auburn. This will give our students a chance to build these and see an outcome along with taking pride in our school.
EMITT	Auburn	Equipment/ Materials	60	I would like to do a Pinewood Derby Project in my (2) Math Topics classes and was looking for donations of (60) sets of Car Kits.

ACADEMY	SCHOOL	NEED TYPE	QTY	DESCRIPTION
EMITT	Auburn	People		Any trades/manufacturing professionals to join Academy Support Team (AST)
EMITT	Auburn, East, Guilford, Jefferson,	Information		Need information on Industrial Trades post secondary opportunities, job opennings, apprenticeships, certificate/technical programs to be shared with students or posted on bulletin boards for student access.
EMITT	Guilford	Software training		We are looking for an expert in Vectric Software specifically VCarve and Aspire - we'd like a resource for our instructors to use to ask questions and get assistance to support classroom projects
EMITT	Guilford	Posters, Materials from the trades unions		We would like to display posters from the different skilled trades career fields in the EMITT (Engineering, Manufacturing, Industrial Trades and Technology) Academy hallway. In addition we would like to post the apprenticeship application deadlines and processes on the bulletin board of the EMITT hallway.
EMITT	Guilford	People		Need engineers, civil engineers for Academy Support Team (AST) involvement and also looking for site visit opportunities, or information on job openings/opportunities within the trades
EMITT	Jefferson	Project		Student Advisory Board (15-18yr old) is looking to do an extra curricular EMITT (Engineering, Manufacturing, Industrial Trades and Technology) service project. Looking for a current project within an organization in which the students can assist (building, creating).
EMITT	Jefferson	People		Need automotive technician business members for involvement in Academy Support Team (AST)
HPS	Roosevelt	Equipment/ Materials		We are trying to build up our Performing Arts program, but are in a need of a few items. Currently, we are looking for any used acoustic guitars that someone may want to donate to our Music courses.
HS	Auburn	People		One of the Health Sciences pathways is about health, wellness, and physical therapy yet we do not have an Academy Support Team (AST) community member in these fields. We would like to have a member for job shadowing and site visits as soon as possible. Need for physical therapy, orthopedic specialist, or sports training and rehabilitation AST member.
HS	Guilford	Career Specific Posters		We would like to display some medical career-specific posters in our Health Sciences classrooms (various informational materials about medical professions.) What you might see on a bulletin board at a health system: outreach, continuing ed, job fairs, blood pressure screening, industry standards, community involvement, health system events etc.
