

HS Academy Service Project

Medicine Bottles for Malawi

Bring in your old medicine bottles (with label removed) to help the HS Academy service project.

Why are we doing this? Read below for some of the benefits of this project:

Medicine Wrapped in Paper

While first world nations throw away perfectly good medicine bottles, medical pharmacies and hospital facilities in Malawi often find themselves with nothing except torn pieces of paper in which to wrap medicine for their patients. This is often seen in rural hospitals and villages where the poorest of the nation try to live and survive. You can help to change this.

Safe and Out of Reach of Children

It will help families in a third world country keep their medicines clean, out of reach of small children, and safe while they are being used.

Please Remove the Labels

Save up a group of your containers when you have completed that portion of your prescription. Place them in boiling water until you are able to easily remove the labels, and the glue.

Turn in any medicine bottles to your teacher or the HS office
