

THE 2ND
WEDNESDAY
OF THE
MONTH

7-8:30

Location:
Autism Alliance
1881 Worcester Road
Suite 100A
Framingham, MA
01581

Autism Alliance Family Support Group

Come join other parents to talk about the joys and concerns of raising children on the spectrum.

To kick off our Fall Support Groups, please join us on 9/14 for "Person-centered Planning: An Overview", presented by Sue Willing of Person-Centered Planning Partners. She will provide information and discuss the core philosophy, principles, and methods of PCP.

Person-centered planning is a great transition tool for supporting our children of all ages in a positive and collaborative way. The result is the development of a personally meaningful vision for their future and a viable action plan for getting there, focusing directly on your child's strengths and capabilities. There will an opportunity after the presentation for parent to parent discussion.

Please join us, no registration necessary. All are welcome!
