

Calling all brothers and sisters age 7 to 12 that have a sibling with autism to join us in this year's sibshop program! Our program offers children with the opportunity to discuss common joys, concerns, and how others might handle situations commonly experienced by siblings with autism.

Autism Alliance current Sibshop participants and Alumni meet the Boston Celtics for World Autism Awareness Day April 2nd, 2015

Sibshops should be FUN to attend and although may be therapeutic to attend, it is not therapy.

We promote an approach that emphasizes wellness, providing peer support and information within a recreational context using games and activities that are key to providing peer support from a kid's eye view. At Sibshop brothers and sisters will meet other brothers and sisters of children with autism; have fun; talk with others who "get it" about the good (and sometimes not so good) parts of having a sib with autism; learn more about autism and the services people with autism receive. Registration is open to neuro-typical siblings.

Group size up to 12 participants

We will offer ten Sunday afternoon sessions 2:30pm – 4pm

Oct 16th, 23rd; Nov 6th; Dec 4th; Jan 8th; Feb 5th;
