<p>The 37 organizations listed above have gone through a rigorous state-application-and- review process to qualify for a total-state-investment request of \$11,906,424. This state investment would fully fund all 37 organizations for what each qualify for (Column 5 above) under the state's Cultural Facilities Grants-Funding Category for specific cultural facility projects in their local communities.</p> <p>All of these 37 grant amounts are more than matched locally with earned and other public and private contributions and grants.</p> <p>This specific state investment is a critical catalyst to help generate these matching dollars necessary to sustain these organizations' programs and services. Also, the return on investment to local and state governments is substantial -- for every dollar the state invests, \$5 is generated back to local and state government treasuries.</p>	<p>\$11,906,424</p>
