		<p>The 80 organizations listed above have gone through a rigorous state-application-and- review process to qualify for a total-state-investment request of \$1,682,209. This state investment would fully fund all 80 organizations for what each qualify for (Column 5 above) under the state's Culture Builds Florida Grants-Funding Category for specific cultural projects. All of these 80 grant amounts are more than matched locally with earned and other public and private contributions and grants. This specific state investment is a critical catalyst to help generate these matching dollars necessary to sustain these organizations' programs and services. Also, the return on investment to local and state governments is substantial -- for every dollar the state invests, \$5 is generated back to local and state government treasuries.</p>	<p>\$1,682,209</p>
