

Have you ever wondered
how people in other parts of the
world live?

What's their life like? What do they do?

And have you ever wanted to see
Africa's countryside and wildlife?

Why Visit Uganda?

Join fellow travelers on a nineteen-day tour to Uganda. You'll have fun. You'll learn about distant people and about yourself. And your life will be changed a little – or a lot.

Rotarian Peter Keller, Executive Director of Aid Africa, is taking a group to Uganda. We'll take a boat ride up the Nile to the base of Murchison Falls and spend a few days volunteering with the Aid Africa staff in the rural villages of Northern Uganda.

Twenty-two years of war and destruction left Northern Uganda in ruins. People who spent years in refugee camps are resettling their villages, finding water, raising crops, and re-establishing communities. The poverty and challenges seem unending... but not unsolvable.

But there's more. See the unequalled natural beauty of Sipi Falls, the Source of the Nile and the abundant wildlife of Murchison Falls National Park. The boat ride to the base of the falls will leave you in awe as you experience the hippos, crocs and African birds along the Nile.

The Basic Information

Tour Dates: July 12 to July 30, 2016

Cost per person: \$2,700 Includes land travel, hotels, meals, park admission.

Does not include air fare, alcoholic beverages and your personal expenses.
