

Join us for the first Lamplighters meeting of the year

Brian Brandenburg will present a slide show on the Flying Fortress bombing campaign over wartime Europe and his family's experiences in Nazi-occupied Holland

Much of the development, manufacture and deployment of the B-17 Flying Fortress bomber took place in California. Brian's presentation follows the bomber and the 8th Air Force in which it flew, its crews, high and low points. Brian grew up in Zeeland province on the Dutch coast, in the midst of the German coastal defense line. His family lived there for five years under German occupation.

All are Welcome!

Join us in the East Parlor after the church service

Sunday, February 28 from 11:30 to 12:30

Ron and Roberta White have kindly agreed to provide snacks
