

E-mail from Volunteer Lawyers Client Tiffany Duke

I wanted to let you know how thankful and grateful I am for Katrina D. Brown of Birmingham Bar Volunteer Lawyers Program and Meg Philips of Legal Services of Alabama for their help with my case.

Thank you for all your hard work, and coming to my rescue. You all literally stopped what you were doing and reached out to assist me in my case; showing that you were concerned and cared about my situation.

On April 11, 2016, I was summoned to court on a credit card dispute matter with Citi Card. The credit card company sold my account to Midland Financial who was seeking over \$3600 plus attorney's fees on a credit card that I paid the \$500 balance off back in 2007 and was closed. The credit card did not appear on my Credit Report, but I did not know if having proof of that would be enough.

The judge directed me to go down the hallway and speak with a Volunteer Lawyer to represent me. The two lawyers I met and who also represented me were Katrina and Megan. Both Katrina and Megan helped me through the legal process that has resulted in a conclusion that is going to make my life much easier. The judge ruled in my favor.

I highly recommend the Volunteer Lawyers to anyone in need or at a lost financially of obtaining lawyer. Katrina and Megan did an outstanding job defending me. Thank you both so much for being my guardian angel in this case.

Sincerely,
Tiffany Y. Duke
