

Our mission: To eliminate stigma and encourage safe and caring conversations about mental health issues and emotional pain in our youth.

**Attend an evening of candid conversation with Patrick J. Kennedy to talk about the stigma and treatment of mental illness in the U.S. to benefit the DMAX Foundation and our mission.**

As a member of the U.S. House of Representatives, Patrick Kennedy was the author and lead sponsor of the Mental Health Parity and Addiction Equity Act of 2008, continuing in the tradition of his uncle, President John F. Kennedy who signed the Community Mental Health Act, the landmark bill that laid the foundation of contemporary mental health policy. As founder of The Kennedy Forum, Patrick Kennedy continues to advocate for mental health parity.
