

Tornado Response for Central Illinois

In conjunction with the Illinois Emergency Management Agency, FEMA and other voluntary agency partners, representatives of District 6460 are working tirelessly to assist victims of the recent tornadoes in Peoria, Tazewell and Woodford counties.

The single Facebook location for vetted and confirmed information about relief efforts in these counties and elsewhere in the state is [Central Illinois Emergency Information](#). Any other Facebook page is not official or verified. Similarly, up-to-date official information for all the state tornado sites may be found at <http://www.ready.illinois.gov>

The relevant story [on our district website](#) (click) will be updated quickly as new information becomes available. Check back regularly. These three sites are the best source for information.

Financial contributions are the most important effort we can make at the moment to support the work of our fellow Rotarians. Providing monetary donations will allow those close to the scene to provide the most useful assistance to those in need. To support work by local Rotarians to help victims and address needs in all the tornado-ravaged areas in Central Illinois, contact your club's charitable contributions committee or see the addresses for District and state sites by clicking [here](#).

Currently, there are no opportunities to volunteer. All slots for clean-up activity are filled and there is a substantial waiting list. If this changes and volunteers are needed, the District will put out a call for help.

While there will be a need to donated goods, at this time the collection sites are full. At this time they are not requesting any household goods or clothing. Consumables such as food, pet food, toiletries, and such will continue to be needed, but where to send them is not clear at this time. We will update when we know more.

For insight into the reality of Rotary efforts, you can read a couple of e-mail from by clicking [here](#).

To support work by local Rotarians to help victims and address needs in all the tornado-ravaged areas in Central Illinois:

Contract your club's Service Chair or President,

Or make checks out to: Rotary District 6460 Foundation. Note "tornado disaster" in the memo line of the check.

Mail checks to:
Rotary District 6460

P.O. Box 311
Springfield, IL 62705-0311

To support work by Washington IL Rotarians to help victims and address needs just in their extremely hard hit community:

Make checks payable to: Washington Rotary Club Foundation. Note that it is for tornado disaster in the memo line of the check.

Mail checks to:

Washington Rotary Club Foundation
2075 Washington Road
Washington, IL 61571
