Bear Adventures

Fur, Feathers and Ferns

Guided by a Park Naturalist, your Bears will use their sense and their senses as they observe, examine and discover! As they find wildlife signs, explore plant life, learn about endangered species and the soil cycle, they will begin to see the important role that humans can play in caring for our natural world. Each Scout will create and bring home a mini compost bin! Meets all requirements for this Core Adventure except #7 (plant a vegetable or herb garden). 2 hours

Webelos Adventures

Cast Iron Chef

Anyone can cook in a kitchen...but a Scout can prepare a complete meal anywhere! Your Webelos will consider nutrition and budget as they prepare and plan a meal. They will also safely build a fire, prepare a meal, and leave the site clean and safe for the next users. Includes personal nutrition journal, to be completed by Webelos over the following week. 2 hours

Into the Wild

Into the Woods

Trees, trees, everywhere! But do we really understand what they are, how they grow, and all of the wonderful things they do for us? With a Park Naturalist, your Webelos will take a hike, play a game, and examine a 'tree cookie,' as they get to know these amazing giants of our world. Maple snack included!
