

Call for Artists

Simply Elemental is an outdoor art exhibit integrated along the garden paths, plantings, and trees of the Hahn Horticulture Garden at Virginia Tech.
Exhibit dates: August 1–September 30, 2016

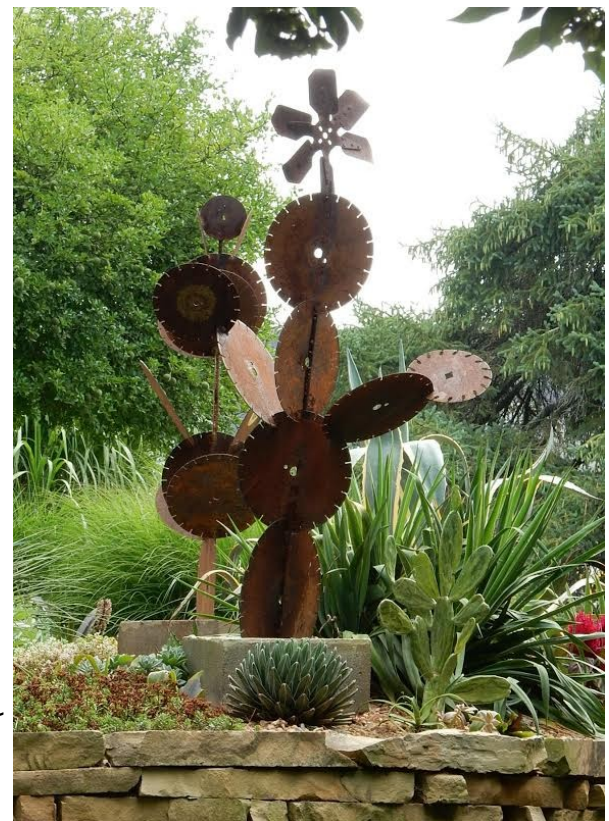

Artists, groups of artists, art teachers and students working in any media are invited to submit a proposal with a conceptual design for consideration by a jury selecting the final 35 pieces for this exhibit. Because this is an exhibit of relatively short duration, materials used in the pieces can be non-permanent but need to hold up for a maximum of 8 weeks.

Pieces in the exhibit will be selected using the following guidelines:

- Uses the garden setting to advantage
- Makes a strong visual impact
- Non-harmful to the horticultural garden and its plants
- Appropriate to a family-friendly setting
- Requires no maintenance during the exhibition
- Installed in a secure manner
- Safe for the public
- Leaves no permanent impact on the garden

Applications are due February 15, 2016 (postmark date). Concept submission should include a .jpg document of the planned work with approximate dimensions (all three). Information concerning the feasibility of installation should be included. Please indicate if you envision a specific location for your proposed work. An online application is available by emailing artinthegarden@vt.edu.

All applications will be reviewed by a jury committee. Notifications of acceptance will be e-mailed by April 1st. Questions may be addressed via e-mail to artinthegarden@vt.edu.
