

Honor Dr. King's Legacy.

Speak out:

- *For quality public education*
- *For a voice for our communities*
- *To SAVE OUR SCHOOLS*

*Join Parents, Students, Educators and
Community Organizations from across Chicago.*

Community Outreach to Save Our Schools Saturday

January 19th, 2013

See other side for times and locations around the city.

The Mayor and Board of Education have closed or taken over dozens of schools every year, targeting Black and Latino neighborhoods. These closings take resources that students deserve, destabilize our neighborhoods, and increase racial inequity in the schools. **The Board of Ed is now planning to close dozens more schools, taking even more from the communities that have lost the most.** They plan to close schools in part to pay for corporate handouts and more privatized charter schools controlled by the Mayor's supporters—**taking our community's schools, jobs, and VOICE.**

Join us in spending a few hours of the Martin Luther King Jr. Day weekend fighting for our communities, our students and our schools.

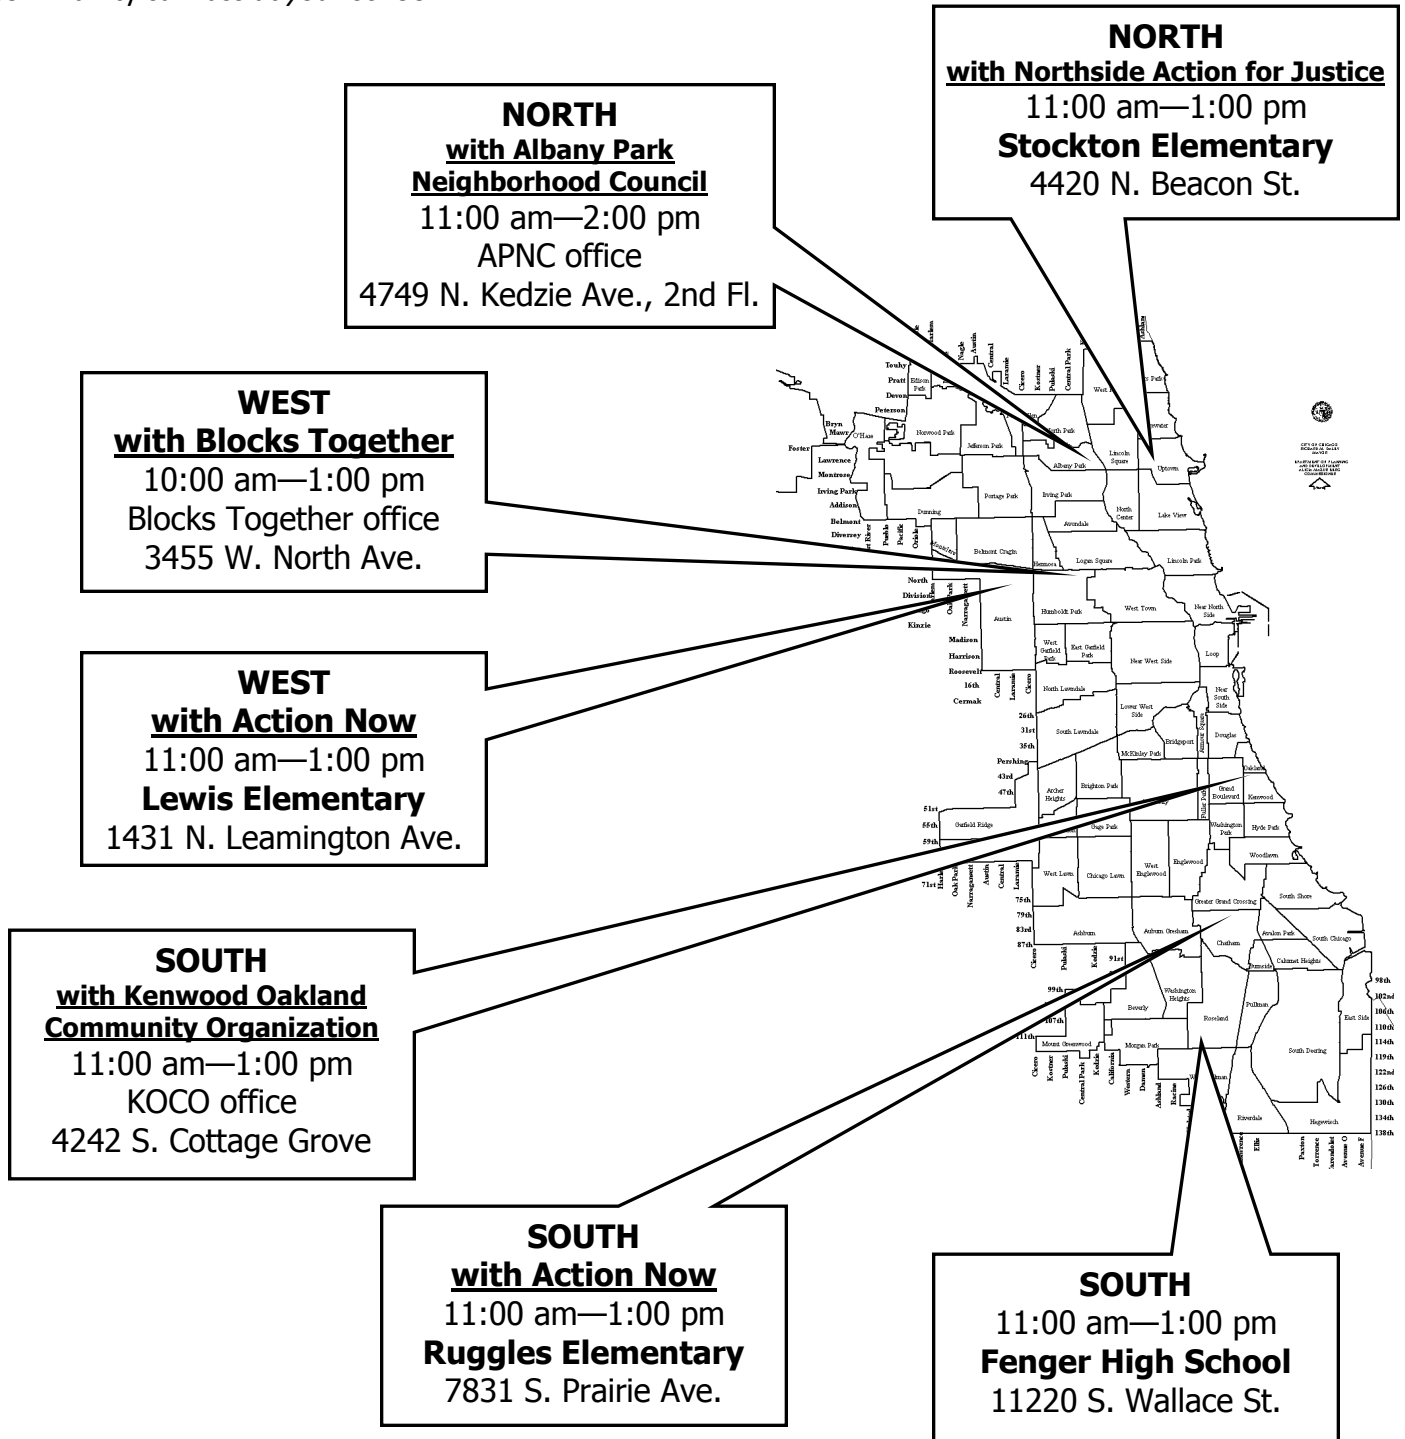

For more information contact the CTU Organizing Department.
