Press Release

Ranger is thrilled to announce the new Tim Holtz® Distress™ Markers- water-based inks for coloring, journaling, stamping and more. The dual tip markers are ideal for many coloring techniques:

- use the brush tip for coloring, stamping and shading
- use the detail tip for journaling and drawing
- use to color directly on rubber and clear stamps

Distress Markers are available to match the Distress palette of 36 colors and White Picket Fence. Coordinates with Distress Inks, Distress Stains, Distress Crackle Paint, Distress Stickles™ and Distress Embossing Powders.

Distress Markers will appeal to current customers who love the Distress palette and appreciate another art tool to utilize within that palette. For new customers, markers are a great way to introduce new crafters to stamping and scrapbooking that beginners feel comfortable using right away.

Tim Holtz® Distress™ Markers

- Acid free and non-toxic
- Available in Distress 37 color palette
- Use brush tip for coloring, stamping and shading
- Use detail tip for journaling and drawing

Please visit us at the CHA Winter Show, Booth #1338 for more information and to see Tim demonstrate cool techniques using the markers. Distress Markers are available in February 2012.
