Medication Administration: Getting it right!

PURPOSE: This Office of Developmental Program (ODP) communication is intended to announce Medication Administration Program training classroom training dates for July 2015.

DISCUSSION:

Effective Monday, **June 1, 2015** Temple University Harrisburg is managing the Medication Administration Program. The following table contains details regarding the current process for accessing relevant

recorded information, how to register for the courses and a current listing of upcoming classes for July 2015.

PROGRAM FACET	NEW VENDOR TRANSITION ACTIVITIES
Website	The current Medication Administration Program website, https://medsadmin.tiu11.org/cms/ , will continue to be used for information related to the program, registration for the online Train the Trainer course, completing the online coursework and classroom registration. There is no change to how registration is accessed.
Online Train the Trainer Coursework	Registration for the online curriculum has been closed to new trainer candidates since September 19, 2014. The registration for the online Train the Trainer Medication Administration coursework reopened on May 27, 2015 .
Online Medication Administration Student Course	No impact. The Student Course will continue to be open and available to certified trainers and students.
Medication Administration Support Line	Beginning June 1, 2015, the Medication Administration Program Support Line is supported through Temple University Harrisburg. All inquiries regarding the Medication Administration Program should be made using the following phone number and e-mail address: (717) 221-1630; medicationadministration@temple.edu
Recertification Extension	Approximately 932 recertification extension letters were generated and sent to individuals whose Medication Administration certification will be expiring in June 2015. The letters communicated that ODP will be extending the trainer's certification expiration date to December 31, 2015. All letters were sent as of May 14, 2015. If you have not received an extension letter and believe you should have, e-mail: medicationadministration@temple.edu .
Recertification Curriculum	If you are due for recertification in 2016, trainers will be required to take the online Train the Trainer coursework, testing and classroom training using the current course requirements.
Classroom Training	Seven training sessions have been confirmed for July. A possible eighth date may be added.. Registration for these training sessions is restricted to provider agency staff that already successfully completed the online Medication Administration Training Program coursework but have not completed the classroom training. It will also be open to provider organizations/agencies that currently have no certified Medication Administration staff. Registration for the classroom trainings, found on the next page, is currently open. • Registrants who have already completed the online component: If you have already completed the online component of the Train the Trainer curriculum, the system has a record of this. Once the registrant logs into the website, the system will prompt the registrant to schedule classroom training. After classroom training has been scheduled, the trainer candidate will receive information, via e-mail, related to the classroom training and a presentation assignment. Each trainer candidate receives a presentation assignment that he/she will present during the classroom training. • Registrants who have <u>not</u> completed the online component: Trainer candidates are

PROGRAM FACET	NEW VENDOR TRANSITION ACTIVITIES	
	required to complete the online curriculum before scheduling the classroom training. This includes completing the registration process and submitting a payment. Once a trainer candidate registers, the primary contact they entered during the registration process will be notified via e-mail. The e-mail will instruct the primary contact to confirm the trainer candidate’s registration and submit payment. The payment processing component of the registration process will be slightly different than in the past. The system will prompt the primary contact to click the “Pay for Course” button and redirect them to a payment area. Once in the payment area, there will be payment instructions to guide the primary contact through payment processing. The payment may take up to 24 hours to process. Once successfully processed, the primary contact will receive an e-mail response indicating that payment was successfully processed by the payment processing system. Within 24 hours of payment processing, the trainer candidate will be able to begin the online component of the Train the Trainer Medication Administration curriculum. ★ Future Medication Administration classroom training sessions are in the process of being scheduled. ODP will be announcing additional classroom training sessions for August 2015 and onwards. Future announcements will be made as details are finalized..	
	NOTE: • Training candidates from agencies with no certified Medication Administration staff are required to complete the online coursework before they are permitted to attend the classroom training. • There is a classroom capacity limit associated with the training sessions below. Once the classroom capacity has been reached, registration will be closed for that date’s training session. If registration has been closed for a particular site, you have the option to register for a different training site/session.	
	CLASSROOM TRAINING DATES	Location
	Tuesday, July 7, 2015	Centre County, Milesburg, PA
