

Every Youth Participant and Adult Leader Deserves To Be Registered

Please make sure applications from your new scouts and leaders have been turned in to the council. September is a busy time of the year. That's why the Council Membership Committee needs your support to make sure nobody slips through the cracks. Every youth member and adult leader deserves to be registered. This process ensures every young person can earn advancements and members are eligible to attend council or national events.

Unit leaders are asked to print a roster and compare it to the new youth and adult applications collected in September and October.

You can print a membership list by going to the council web site www.hmc-bsa.org then clicking on Internet Advancement.
