

Work Incentives Planning and Assistance: [The Ticket to Work and Work Incentives Improvement Act of 1999](#) authorized Social Security to award grants, contracts or cooperative agreements to provide community-based work incentives expertise to beneficiaries of Social Security or Supplemental Security Income benefits based on disability. The goal of the WIPA program is to enable beneficiaries with disabilities to make informed choices about work, and to support working beneficiaries to make a successful transition to self-sufficiency. You may find contact information for these projects on <http://choosework.net>.

I believe that if we all work together on education, support, and advocacy we can make asset buildup a reality for people with disabilities and low income families.
