

## Charlotte County Fire & EMS

### Are YOU Prepared for a Medical EMERGENCY?

You are at home and illness or an accident occurs. You DIAL 911. Paramedics arrive and begin medical treatment. They also ask you and/or your family members what seems to be a tremendous amount of questions. What is your **Medical History**? What **Medications** do you take? How Much? When? Do you have any **Allergies**? Do you have **Advanced Directives** in place? How can you remember all of this information? Emergency workers need this important information to care for you as quickly and efficiently as possible. What can you do?

Charlotte County Fire & EMS, Charlotte County Sheriff's Office, Punta Gorda Fire/Police Departments and Englewood Area Fire Control District recognize how difficult providing answers can be and that's why the Red Dot Medical Information Program was created. This program provides YOUR medical information in an emergency. The quick and easy Red Dot Medical Information Form is filled out before an emergency occurs and the information is entered into the 911 computers. Your medical information is provided to emergency responders before they arrive at your doorstep and transported to the hospital with you!

**For more information** or to obtain the **FREE Red Dot Medical Information Packet** please call Charlotte County Fire & EMS Headquarters at 941.833.5600.
