Selected Resources

HealthCare.gov

https://www.healthcare.gov/

Created and maintained by the federal government, this website includes a compilation of up to date resources on a wide range of health reform information. The resources and factual information on health system and insurance reform allows consumers the opportunity to become acquainted on how health reform will work for them, their families, and employers.

Kaiser Family Foundation

http://kff.org/health-reform/

Kaiser Family Foundation provides bipartisan state of the art knowledge along with detailed policy analyses on the Patient Protection and Affordable Care Act. In addition to the wealth of knowledge on health reform, readers will also find current information and analyses on other policy topics such as health care financing, health disparities, the uninsured and many other current day issues.

Centers for Medicare and Medicaid Services

This federal government website houses the latest information on the insurance marketplace and related outreach materials. Here consumers will find answers to their questions on eligibility, enrollment and plan options as well as general and detailed information on what health insurance exchanges will do for consumers.

Provides an excellent synopsis of the Affordable Care Act and additional resources to stay abreast of issues

Policy and Advocacy Development in General

The National League of Nursing Policy Center
