

Concrete Industry Board Morning Seminar

Thursday, February 11, 2016

9:00am – 11:00am Doors open at 8:30am

Moderator: Cas Bognacki, PE, Chief of Materials Engineering, The Port Authority of NY & NJ

Speakers: Paul G. Tourney, PE, President, Tourney Consulting Group

Peter Elza, Service Life and Sustainability Manager, Parsons Infrastructure Business Unit

Oscar R. Antommattei, PE, Senior Concrete Engineer, Kiewit Corporation

Location: New York Athletic Club, 59th & 7th Avenue – 180 Central Park South

Topic: “Concrete Service Life More Than 100 Years”

Concrete can provide a service life of over 100 years when properly designed, batched and constructed. Many projects, in particular for the transportation infrastructure, require concrete to be designed and built for a service life of 100+ year. Estimating concrete service life, is a somewhat new requirement to the concrete industry, but of great importance. Our speakers will share their methodologies for estimating, designing and constructing concrete structures to provide a service life in excess of 100 years.

PAUL G. TOURNEY, PE

Mr. Tourney, President and founder, Tourney Consulting Group, has been involved with the construction industry for more than 30 years. Mr. Tourney has extensive experience serving as a specialist in steel corrosion in concrete. He has evaluated concrete structures exposed to aggressive deicing salt, seawater, and contaminated groundwater. Experience in providing corrosion protection and structural solutions through advances in concrete designs/details, coatings, chemical treatments, and composites. Durable concrete design has been his major focus over the last twenty-five years. Paul Tourney is a member of several ACI technical committees.

PETER ELZA

Peter Elza is a Service Life and Sustainability Manager within Parsons’ Infrastructure Business Unit. His recent experience includes lead roles with service life design/strategy implementation on major bridge projects and procurements such as the Goethals Bridge Replacement Project, the Gordie Howe International Bridge (Detroit River) Project, Louisville – Southern Indiana Ohio River Bridges – East End Crossing Project, and various other procurements throughout the US and internationally. Peter brings a diverse background in Corrosion Protection Plan best practice strategies in contemporary Design-Build and P3 contexts, having engaged in the process from contract preparation, bid preparation, project delivery, and compliance review perspectives.

OSCAR R. ANTOMMATTEI, PE

SENIOR CONCRETE ENGINEER - *PE LICENSED IN TX AND NE

Oscar Antommattei is a Senior Concrete Engineer with Kiewit Corporation. He has a BS and MS in Civil Engineering. He has over 15 years of experience in the concrete industry, where he has specialized in concrete production, construction, mix designs, and construction best practices. He currently serves on several ACI technical committees and is the Chair of ACI 305.

2 Professional Development Hour (PDH) Accredited **Reservation deadline: 2/5/16**

Fax reservations accepted (718-459-4890).

American Breakfast provided

Reservations not cancelled 2/5/16 will be billed.

\$65 Members with payment received by 2/5/16.

\$70 Nonmembers with payment received by 2/5/16

\$75 No admittance without payment @ the door (seating not guaranteed)

\$200 (to sponsor educational seminar)

Business attire required (Jacket & Tie / No Jeans) No. of reservations: _____ Names of those attending

Your Name _____

Company _____

Address _____
