

To help fund the Garden program and other activities at Torrey Pines Elementary School, we are thrilled to announce the sale of engraved bricks to commemorate the students and families of Torrey Pines. The bricks will be set into the ground along the existing sidewalk in the garden for all to see. This is a great way for students to be remembered long after they've graduated. For those just starting at Torrey Pines, think of the many years to come that you can spend looking at your engraved brick.

Here are the brick options available for purchase:

Dear Torrey Pines families:

Over the past two years our school garden has flourished. The garden is now certified in the San Diego Unified Garden to Café program. Produce from the organic garden is harvested on a regular basis and is a regular part of the lunch salad bar. This year The Garden Club was formed to help with planning, planting and harvesting at the request of 4th and 5th grade students. The Garden Club meets twice a week during the morning recess. Over the school year all TPES students have the opportunity to participate in garden planting and harvesting and tasting activities. Also, all students who eat in the café have the opportunity to eat fresh produce grown by students right on campus. Also, new this year is our garden weather station that uploads weather data to wunderground.com.
