About Preferred Behavioral Health of NJ

Founded in 1978, with headquarters at 700 Airport Road in the Lakewood Industrial Park, **Preferred Behavioral Health of NJ** focuses on meeting our community's growing need for exceptional behavioral healthcare. Programs serve people of all ages and include individual, group and family therapy; psychiatric evaluations and medication monitoring; substance abuse treatment; and supervised residential services. Our affiliates, **Prevention First** and **Preferred Children's Services**, provide prevention education and specialized programs for youth and their families. All three of these organizations come under the auspices of **Preferred Behavioral Health Group**, providing a full array of services designed to improve, enhance and maintain mental health and healthy lifestyles.
