- Note, a quorum of 5 members is required for each user group.
- Each year, 3 of the 9 user group directors will be up for election. This ensures continuity on the board. For the coming year, the three user groups up for election are:
 - Resident representative

 - Horseshoe Resort representative.
- As well, there are two directors at large on the board. The Board will nominate the directors at large and they will be voted on as part of the slate at the annual meeting.
