

An Invitation to HOME Choice Consumer Advisory Council Open House

The HOME Choice Consumer Advisory Council is looking to expand its membership! The HOME Choice Consumer Advisory Council is a statewide disability advocacy group whose members represent the older adult population and all disability groups. The purpose of the council is to provide the Ohio Department of Medicaid, and other interested parties, with information and advice on long-term care services and supports barriers that consumers face in the community.

We will be hosting an informational Open House this summer for any consumer or individual interested in joining the HOME Choice Consumer Advisory Council. The Open House will provide interested individuals with information about the history and purpose of the council, as well as information on the roles that our members play. Additionally, HOME Choice staff members from the Department of Medicaid will be available to answer any questions related to the HOME Choice program. HOME Choice Consumer Advisory Council membership applications will be available for interested individuals.
