Bricker & Eckler LLP Presents An Interactive Workshop

6th Annual
Selecting Project Delivery Models and Bidding for Public Construction Contracts in Ohio

Join us for a full-day workshop to learn about the project delivery models available to public owners and the competitive bidding process for public projects. This program blends a traditional morning session of instruction with an interactive afternoon session during which attendees work in groups to experience the delivery model selection and competitive bidding process through a mock project, immediate feedback from the speakers, and questions and answers from the entire class.
