Setting Up For Success

Learn more about the Teach Standards in professional development sessions led by master educators! Four different series will be offered. Please attend as many sessions as you would like! All participants must register for each session they will attend on PD Planner at dcps.schoolnet.com or complete the Google Survey at <https://goo.gl/5dfsKP>. Participants will receive 2 PLUs for each session.

General Education Teach Series

Mondays 4:30-6:30pm @ Aiton Elementary School

August 24 – October 26

*No session on 9/7 (Labor Day)

*TEACH 6 Session moved to Wednesday, October 14

This series will deeply investigate one Teach standard in each session. Sessions will begin with a review of key parts of the Teach standard. Effective and highly effective instructional strategies will be shared, and teachers will cooperatively explore how to integrate new ideas into their classroom practice.

ECE Teach Series

Thursdays 4:30-6:30pm @ Miner Elementary School

August 27 – October 1

Teachers will explore each Teach standard and develop practical strategies for instruction. This series is designed especially for early childhood educators (PK3, PK4, Kindergarten).

Understanding the Teach Standards from the perspective of Special Education

Tuesdays 4:30-6:30pm @ River Terrace Education Campus

August 25 – September 15

Teachers will explore each Teach standard and discuss instructional strategies for incorporating these standards when working with diverse learners and supporting students with special needs. Teachers will also review the notes and examples that were added to the Group 3 TLF this year and cooperatively explore how to integrate new ideas into their classroom practice.

Understanding the Teach Standards from the perspective of Language Acquisition

Thursdays 4:30-6:30 @ Cardozo Education Campus

August 27 – September 17

Each session will provide an overview of the TLF rubric using the lens of Language Acquisition pedagogy (i.e. ESL, World Language, and Bilingual settings). Participants will develop a better understanding of best practices and strategies to consider when planning and measuring the effectiveness of their lessons.
