The Point

An animated classic, filled with wonderful songs, for the whole family to enjoy! The Point tells the story of Oblio, a round-headed boy living in the land of "Point" where everything and everybody has one. This ageless fable, featuring voices of talented performers and narrated by Ringo Starr, contains many classic Harry Nilsson songs, including "Me and My Arrow." Monotypes Using Layering Techniques

Saturdays, Jul 9 & 16 from 12 – 4 p.m.
 Fee: \$70 members / \$80 nonmembers
 Instructor: Harriett Lawler

This is a two-day workshop featuring monotypes produced by using various layering techniques. We will demonstrate layering monotypes done on transparent rice papers, and other collage effects, including layering preprinted monotypes for texture and color contrast. These techniques may include the use of natural materials like feathers, grasses and pressed flowers, or ribbons and other items to give the feeling of movement or to add color. The first day of the workshop will, for the most part, be used to prepare the materials, and the second day to assemble the final product. All materials will be provided, but students are welcome to bring such things as pressed flowers, feathers, special papers, etc. There will be a \$15 lab fee to cover the cost of materials. *(all levels)*

Painting an Abstract Watercolor

Wednesday, Aug 3 from 10 a.m. – 3 p.m.
 Fee: \$40 members / \$50 nonmembers
 Instructor: Jung Lea Smith

Abstract art uses a visual language of shape, form, color, line and texture to create a composition which may exist with a degree of independence from visual references in the world. Abstraction is creating the idea of what the artist wants to explain in his/her own artistic way. Artwork which takes liberties, altering for instance color and form in ways that are conspicuous, can be said to be partially abstract. Total abstraction bears no trace of any reference to anything recognizable. In this workshop, the artist will determine how abstract he/she would like to be. Participants should bring their own watercolor supplies as well as colorful photographs or pictures cut from magazines as inspiration for what they might want to create in abstract form. *(Some previous experience with watercolor is required.)*

Strokework – Violas

Saturday, Aug 20 from 10 a.m. – 3 p.m.
 Fee: \$50 members / \$60 nonmembers
 Instructor: Sandy Scales, Member of Society for Decorative Painting

Have you ever wanted to learn Strokework? Join Sandy Scales as she teaches a few brushstrokes that lead to many flower and leaf designs. Fee includes paints, prepped surfaces, instructions and color photo of project. You will need to bring Stroke Brushes & a wet palette. Brushes will be available to purchase if needed. Sandy Scales teaches strokework designs by Maureen McNaughton across the U.S. and locally. She is also certified to teach Betty Caithness landscape designs. *(all levels)*

Reminder: Bring your lunch if workshops take place over the noon hour.

If you've always meant to try watercolor painting, now is the time to get started! This class will cover brush strokes, color choices, simple glazes, and basic wet and dry techniques. As you build your confidence with this classic medium, you'll learn how to make its surprise and spontaneity work to your advantage. The class will emphasize the importance of good materials, but students should bring whatever paints, brushes, palette and watercolor paper they have on hand. *(beginners)*
