

MISSION TEAM TO BELIZE

A Volunteers In Mission team is forming for a project in Corozal, Belize, July 18-25, 2015. The team will be working with the local Methodist missionaries in the Corozal district, about an hour outside Belize City.

The project will be renovation work on a three story building, transforming it into a guest house for future visiting mission teams. It will involve electrical work, plumbing, tile setting and building some interior walls. While building experience is most welcome, we don't need experts; there's something for everyone to do regardless of skill level. And besides making new friends you can learn new skills. Other activities, worship, sightseeing and generally building Christian relationships with our English speaking United Methodist neighbors will be included.

For more information, cost, application form or to express interest in joining this team, please contact the team's planner, Mike Self, mike7353@aol.com or phone (937) 426-0098. We'd love to have you join us for a rewarding week building Christian relationships with our Belizian neighbors.
