GLEANING AMERICA'S FIELDS ~ FEEDING AMERICA'S HUNGRY

[HTTP:// ENDHUNGER .ORG](http://ENDHUNGER.ORG)

Teaming with the Maumee Watershed District United Methodist Men, Churches from northwest Ohio have taken on the ongoing mission of supporting the Society of St. Andrew in gleaning fields and feeding the hungry. This project has involved farmers, produce vendors and distributors to feed the hungry in our area with fresh food. Our “Meals for Millions” truck has delivered Potatoes weekly to numerous shelters, soup kitchens and churches.... Pick up of overruns, overstock and mispacked produce and delivery to Seagate Food Bank for delivery to the needy and churches. Gleaning corn, tomatoes, melons and other produce with the help of local groups and churches at harvest time has greatly helped feed the hungry.

Recently the truck has been used to deliver Furniture and fixtures to shelters and homes throughout Ohio from UT dorm renovations...Please Help us keep the truck moving...your response to our appeal can do a lot to KEEP US ROLLING.
