

LEAGUE OF WOMEN VOTERS® OF FLORIDA

June 20, 2016

PRESIDENT

Pamela Goodman

The Honorable Rick Scott, Governor
The Honorable Andy Gardiner, Senate President
The Honorable Steve Crisafulli, Speaker of the House

Hand Delivered

FIRST VICE PRESIDENT

Patricia Brigham

RE: FLORIDA COALITION TO PREVENT GUN VIOLENCE

Dear Governor Scott, Senate President Gardiner, and House Speaker Crisafulli:

TREASURER

Theresa Francis-Thomas

We applaud your immediate statements to the LGBT and Hispanic communities, and to all citizens and visitors to the State of Florida, that you will not tolerate the targeting of any community with hatred or gun violence. But more must be done. This is a public safety issue. We urge you to put actions behind your words. The deadliest mass shooting in U.S. history occurred in Orlando, Florida. Accordingly, the undersigned coalition partners call on you to convene a special legislative session within fourteen days to implement the following legislative measures:

SECRETARY

Patricia Drago

BOARD OF DIRECTORS

Shawn Bartelt
The Hon. Annie Betancourt
Sandra Colyer
The Hon. Paula Dockery
Anthony Dutton
Elizabeth Pines
Cecile M. Scoon
Geanine Wester

First, we call upon you to enact legislation making it a crime to knowingly import, sell, manufacture, transfer, or possess a semiautomatic assault weapon or large capacity ammunition feeding device. There is simply no reason for private citizens to have access to weapons like the MCX Carbine firearm used to murder the 49 people in the Pulse Night Club in Orlando on June 12, 2016. These weapons have immense destructive power and do not belong in civilian hands. Florida should follow the lead of the seven states – California, Connecticut, Massachusetts, Hawaii, Maryland, New Jersey and New York, – which already ban assault weapons.¹ In addition, Florida should join the other eight states – California, Colorado, Connecticut, Hawaii, Maryland, Massachusetts, New Jersey and New York, – that already prohibit large capacity ammunition feeding devices that hold over 10 rounds.²

EXECUTIVE DIRECTOR

Penny Walker Bos

(850)224-2545

Second, we call upon the state to implement comprehensive, universal background checks. Both nationally and in Florida, legal access to guns is still too easy – and this tragedy is only the latest in a long line of examples. In particular, the state should require private parties (i.e., non-federally or state licensed dealers) to conduct a background check before selling any firearm.³ Simultaneously, the state of Florida should ensure that all relevant records are provided to the FBI's National Instant Criminal Background Check (NICS).⁴

Any harm to any one of us is harm to *all of us* and must be addressed by the entire state. The undersigned coalition represents the broad spectrum of Florida citizens who share this conviction. And so we call on you, Governor Scott, President Gardiner and Speaker Crisafulli, to convene a special session within fourteen days and pass these measures to prevent gun violence in Florida.

We await your response on behalf of the Florida Coalition to Prevent Gun Violence. Please contact me by calling our office at (850) 224-2545, or via email to PamelaSGoodman@gmail.com.

Respectfully,

Pamela S. Goodman, President, League of Women Voters of Florida
