II. Developing Your Millennial Workforce - Presented By Bryan May, BirdDogHR

The Millennials or Generation Y (those folks born between 1980 and 2000) are beginning to and will continue to become leaders in Iowa's commercial construction industry. In fact this year Millennials will overtake the majority representation of the workforce. Yet as you can see from the date range, there are still many Millennials out there who have yet to enter the workforce. Ask yourself...what can we do as a company to attract them and what do we do as a company to keep them? In this session, you'll learn strategies to start or jump-start your modern workforce management program.

III. Adjournment
